Summer Bridge Academy (T3) - READING

In this 16-hour mini-course, you will learn, refresh and practice skills required to be a successful college student. You will improve your reading comprehension by learning and practicing active reading strategies, academic vocabulary, and test taking skills. At the end of the course, you will complete a post assessment, which, combined with instructor recommendation, will determine your fall reading placement.

July 10 – August 2, 2023  Delivery On-Campus

Summer Bridge Academy (T3) - Writing

This 16-hour mini-course will help students prepare to participate successfully in writing courses at Saint Paul College. Participants will review and practice a range of writing skills, including structuring sentences and paragraphs effectively, demonstrating appropriate audience awareness, and using a professional tone. In addition, students will learn to use writing as a tool for both improving study skills and responding to assigned readings. At the end of the course, participants will complete a post assessment, which, along with the instructor’s recommendations, will determine their Fall Semester writing course placements.

July 11 – August 3, 2023  Delivery On-Campus

Summer Bridge Academy (T3) - MATH

This 16-hour summer class will help students prepare to participate successfully in College-level courses at Saint Paul College. Participants will review and practice a range of mathematical skills, including manipulating and factoring algebraic expressions, graphing linear equations, solving equations involving first and second degree polynomials as well as rational and radical expressions, and understanding the properties of a function. In addition, students will learn study strategies, computer skills, and identify academic resources at the College. At the end of the course, participants will complete a post assessment, which, along with the instructor’s recommendations, will determine their Fall Semester math course placements.

July 10 – August 2, 2023  Delivery On-Campus
