

SAINT PAUL COLLEGE

STUDENT LEARNING OUTCOMES

Statements that clearly define the knowledge, skills, and competencies we expect students to learn.

TOOLS & TIMELINES

Plans and approaches for how and when we will collect evidence of student learning.

RESOURCES FOR FACULTY & STAFF

Information and training provided to help us understand, develop, implement, communicate, and use evidence of student learning.

OUR ASSESSMENT ACTIVITIES

Projects we are doing to measure student learning, make improvements, or respond to requests for accountability (both completed recently and currently underway).

NOTING EVIDENCE OF STUDENT LEARNING

Results and reports of our assessment activities; such as survey and retention data (indirect evidence) or quizzes and observations (direct evidence).

GROWTH & IMPROVEMENT

How we use evidence of student learning to identify potential changes in our policies and practices that may lead to improvement and inform decision-making
