---

Data reflects graduates who self-reported employment within one year of program completion. Data collected from 2019 graduates. Percent placed: Percentage of graduates available for placement, who reported accepting related employment. In some cases, data is collected by college faculty/staff on behalf of the graduate.
## 2019 Employment Highlights by program

The employment data reflects the past experiences of graduates from specific programs. It should not be used to predict future employment trends nor obtaining training related employment. The accuracy of this data has been verified through the Minnesota State Colleges and Universities.
