COVID-19 INFORMATION

Saint Paul College holds as paramount the health, safety, and welfare of every community member. However, we cannot guarantee a COVID-19-free environment. Unfortunately, the risk of COVID-19 exposure exists in all public places where people are present. Saint Paul College is taking all the recommended steps to mitigate this risk. Still, we cannot categorically guarantee you will not get sick. Minimizing the risk of COVID-19 infections (or any other spread of disease) at the College is a shared responsibility. Every member of our community – including you – must do their part.

While Saint Paul College operates under COVID restrictions, campus services will be offered in various formats. For up to date information on-campus services and hours of operation, visit saintpaul.edu/support-services.

It is important to plan before you come to campus. Until further notice, the following protocols are in place.

- Everyone is required to complete the COVID-19 screening form each day you come to campus. This form is available on the Saint Paul College website and must be completed before your campus visit.

- As you arrive on campus, enter through the west entrance on the main level. You will be required to provide a photo I.D. and display the green-colored email or green screen you received upon completion and approval of your screening questions. Please have a face mask to wear while on campus.

On-campus, you will be expected to follow the College’s Coronavirus Hygiene Policy, which includes:

- Staying home if you show any signs of illness
- Maintaining proper physical distancing (at least 6 feet or 2 meters)
- Wearing a cloth or paper mask covering both your nose and mouth when physical distancing cannot be maintained
- Washing your hands or using hand sanitizer before entering offices, student areas, and classrooms
- Avoid touching your face with your hands.
- Cover any cough or sneeze with your elbow, sleeve, or a tissue

Understand that if you return to the physical campus of Saint Paul College, there is a risk you may contract COVID-19 and that illness, injury, or death is a possible result.

The Degree Audit Reporting System (DARS) is a free service that provides you with current and accurate information about the course requirements needed to complete your degree or program of study at Saint Paul College. It also enables advisors to help with your degree plan.

What is on your DARS report?

- Courses and requirements you’ve already completed
- Courses and requirements you still need to complete
- Course options to plan your registration
- Transfer of credits and courses and how they apply toward Minnesota Transfer Credit (MnTC) completion
- Approved Academic Petitions/Exceptions

Tips for reading your DARS report

The DARS report lists your program of study and the year you started that program.

If the information is inaccurate, please contact One Stop as soon as possible.

Transfer credits are listed on your DARS report with a “T” preceding the grade to indicate “transfer.”

Developmental credits (those numbered below 1000) are used to calculate your GPA, but do not count toward completion of your degree; they are listed at the end of the audit report.

YOUR SUCCESS IS IMPORTANT TO US

Saint Paul College provides you with this planner to help you succeed in college. Studies have shown that your ability to manage time is one of the major predictors of your success in school.

Planner Highlights

• 2020–2021 Academic calendar dates pre-printed in the planner:
  » Semester begin & end dates
  » Registration dates
  » Tuition due dates
  » Graduation application dates
  » Holidays & spring break
  » No-classes scheduled dates

• Student life events and activities
• Career related events
• College-wide events
• A notes section to jot down important information, along with the contact information for friends, classmates and other people important to your education.

Handbook Highlights

Don’t forget to use the handbook portion (pages 115-247) for:

• Great information on the various services offered on campus
• Academic standards information
• Directory of college services on the inside front cover
TIPS FOR USING THIS PLANNER

IT’S AS EASY AS...

1. Input all your scheduled personal events.
   • Take each of your syllabi and input all assignments and due dates.
     Tip – Using a different color pen for each class will help to visually distinguish how much work you have due each week.
   • Input your work schedule, your school schedule and any other commitments you may have that occur on a regular basis.

2. Schedule one thing each week that is just for you.
   • Whether it is watching your favorite TV show or time with friends, a key to being productive is practicing good self-care. It has been said that time is our most valuable commodity. We hope this planner will help you manage that commodity and assist you in achieving your goals.

3. Input all things in your life that are required but have flexible time-frames.
   • Write in study times for each class. Be sure to indicate which course you will be studying for, ex: “Study History.” This way you will know if you don’t have any school work that needs to be completed and you can use that time to do something else.
     Tip – For each hour you are in class, you should schedule two hours of homework time. Studying before and after each class will increase your ability to learn the new information.

Part 1: Freedom to Learn
In addition to the basic constitutional rights enjoyed by all citizens, students at the College have specific rights related to academic freedom and their status as students. Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students are expected to exercise their freedom with responsibility.

Part 2: Freedom of Expression
Individual students and student organizations shall be free to examine and to discuss all questions of interest to them and to express opinions publicly and privately. They shall be free to support causes by orderly means that do not substantially disrupt the regular and essential operation of the institution. Students shall be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.

Part 3: Freedom of Association
Students shall be free to organize and join organizations to promote their common and lawful interests, subject to institutional policies or regulations. Registration or recognition may be withheld or withdrawn from organizations that violate institutional regulations.

Part 4: Student-Sponsored Forums
Students shall have the right to assemble, to select speakers, and to discuss issues of their choice. The college shall establish reasonable time, place and manner restrictions to assure that the assembly does not substantially disrupt the work of the institution or does not interfere with the opportunity of other students to obtain an education or otherwise infringe upon the rights of others. Such regulations shall not be used as a means of censorship. The president or designee may prohibit any forum when there is a likelihood of harm to individuals or damage to property if the event is held. Prior to any such prohibition, the president shall make a best effort to consult with the student association.

Part 5: Student Publications
Student-funded publications shall be free of censorship and advance approval of copy, and their editors and managers shall be free to develop their own editorial and news coverage policies. Editors and managers of student publications shall be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. The student fee allocation process shall not be used as a means of editorial control of student-funded publications. All student publications shall explicitly state on the editorial page that the opinions therein expressed are not necessarily those of the college, system, or student body.
STUDENT RIGHTS & RESPONSIBILITIES

Part 6: Student Policies
The policies of the College regarding student expectations, rights and responsibilities shall be readily accessible to students.

Part 7: Catalog & Course Information
To the extent possible, students shall be provided relevant and accurate information regarding courses prior to enrollment. To the extent possible, class schedules shall list the names of faculty teaching courses.

Part 8: Student Academic Standing Information
Students shall have access to accurate information for establishing and maintaining acceptable academic standing, information which will enable students to determine their individual academic standing, and information regarding graduation requirements.

Part 9: Academic Evaluation
Student academic performance shall be evaluated solely on the basis of academic standards, including any requirements that are noted in the catalog, course syllabus, or student handbook. Students shall have protection against prejudiced or capricious evaluation and shall not be evaluated on the basis of opinions or conduct in matters unrelated to academic standards. Students shall have the right to review their corrected examinations or other required assignments used by the faculty in evaluating the student's academic performance.

Part 10: Property Rights
Term papers, essays, projects, works of art, and similar property, including property in which the student has intellectual property rights pursuant to Board Policy 3.26, shall be returned to a student upon request, within a reasonable timeframe, when no longer needed for evaluation purposes, unless the student grants written permission for them to be retained.

ENROLLMENT INFORMATION

ADMISSION TO A MAJOR PROGRAM

Declaring a Major Program
Students are accepted into a major program for the purpose of obtaining a specific degree, diploma, or certificate. Students may change their major by meeting the prescribed admission requirements for the desired program. Some programs have a separate application process. For more information about specific majors, please check the Program Requirement Guides.

Undeclared Students
Undeclared students are not assigned an advisor and do not qualify for financial aid or veterans educational benefits. Some classes may be limited to students admitted to a specific major. If at a later date a student decides to pursue a degree, diploma, or certificate, the credits earned as an undeclared student may apply toward a program.

Change of Major
Students who have been admitted to Saint Paul College in a specific major and want to change that major must complete the Change of Major Form online at saintpaul.edu/admissions/one-stop-forms. Change of Major forms submitted after the first week of the semester, will go into effect the following semester.

Re-Admission
Students who have interrupted attendance at Saint Paul College must contact One Stop to apply for re-admission. To have assessment tests waived based on coursework completed at another institution, contact One Stop at 651.846.1555 or fill out the online Assessment Waiver Request at saintpaul.edu/assessmentwaiver.

Intake Assessment
Research shows that students who enter courses at the level that best matches their background and abilities are more successful. Therefore, Saint Paul College and Minnesota State colleges and universities require assessment of basic academic skills. The assessment for those whose native language is English covers reading comprehension and mathematical computation. The assessment for students whose native language is not English is the English as a Second Language (ESL) assessment. You may be assessed in additional subjects for admission to selected programs or placement into certain courses.

The assessments are computerized and available on a walk-in basis in the Assessment Center -- room 3140 -- and usually take from 1 ½ to 2 ½ hours. Due to COVID-19 students may be able to participate in remote testing. Self-Guided Placement and/or the in-house math placement. Scores determine course placement. In some cases, assessment results may indicate that you may benefit from developmental coursework in reading, writing, grammar, and/or math, prior to entering your major program. Students who want to review before taking the exam can access the following websites: www.testprepreview.com; www.math.com; www.khanacademy.com; accuplacer.collegeboard.org; www.testpractice.net.
ENROLLMENT INFORMATION

The assessment requirement may be waived depending on previous college experience and/or college coursework. Contact One Stop at 651.846.1555 to have previous college coursework reviewed for an assessment waiver. Please call 651.846.1555 for additional information about the assessment process.

Developmental Coursework
Developmental coursework has assisted thousands of students in getting started in College programs. The goal of developmental coursework is for students to acquire the necessary knowledge and skills that will help them succeed in programs. Developmental courses are not considered college-level credit and will not apply towards any certificate, diploma, or degree completion requirements.

English for Academic Purposes (EAP)
The purpose of English for Academic Purposes (EAP) coursework is to assist limited-English speakers from different ethnic and cultural backgrounds to learn English and increase their chances of success at Saint Paul College. These classes are tailored to meet these unique needs.

IMMUNIZATION REQUIREMENTS
Minnesota Law (M.S. 135A. 14) requires that all students born after 1956 and enrolled in a postsecondary educational institution be immunized against measles, rubella, mumps after the age of 12 months and against diphtheria and tetanus within 10 years of first registration, allowing for certain specified exemptions.

You must submit a statement indicating the month and year of each immunization when you register for classes, or no later than 45 days after the start of your first semester. Students born in 1956 or before are not required to provide information. Students who graduated from a Minnesota high school in 1997 or later are also exempt.

The Immunization Record form is designed to provide the College with the information required by law and will be available for review by the Minnesota Department of Health. The form is available on the College website.

Students enrolled in Health programs are required to obtain additional immunizations in accordance with clinical site policy. For more information regarding immunization requirements and resources available to meet those requirements, contact the Dean of Health Sciences and Service Programs.
BACKGROUND CHECKS POLICY
Designated Health and Child Development Careers program students are affected by the following:

Minnesota Statutes require that the Department of Human Services (DHS) conduct background studies on individuals providing direct contact services to people receiving services from facilities and agencies licensed by DHS and the Minnesota Department of Health (MDH). Direct contact is defined as providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to people receiving services from the agency or facility. A fee will be applied for the background check.

An individual who is disqualified from having direct contact with persons served by the program as a result of the background study and whose disqualification is not set aside will not be permitted to participate in a clinical placement in facilities with programs subject to licensure under Minnesota statutes. This is to protect the health, safety and rights of persons served by those programs. Failure to participate in a clinical placement required by the academic program could result in ineligibility to qualify for a degree in this program. The Department of Human Services (DHS) determines disqualification and the Department of Human Services will inform an individual of this report.

Students are reminded of the background study requirement upon admission to the program, during the first introductory course in the program and when a work setting is identified for a clinical placement. Background studies must be submitted annually.

REGISTRATION
The College Course Schedule is available online and contains a complete listing of classes that are available each semester. It is available approximately ten weeks before the beginning of the semester. The Course Schedule lists the courses, number of credits, class times, instructors’ names, room numbers and prerequisites. Please note this information is subject to change without notice.

Returning students in a declared major have registration priority. When planning for future courses you are encouraged to work with an Advisor or your program faculty. If you need help in making career decisions, you should make an appointment with the Director of the Career Services. Classes have limited enrollment. Closed classes are posted on the online course schedule.

Registration for classes takes place each semester, including summer semester. Information on how and when to register is sent to new students when they are accepted for admission. Information is also posted on the College website. Not all courses listed in the College Catalog are offered every semester.

A Registration Schedule is published on the College website for each semester and indicates assigned dates and times for registration. Students with an unpaid balance at the College or any other Minnesota State College or University will be unable to register for courses until all unpaid balances have been paid.
ENROLLMENT INFORMATION

Returning students have a variety of resources to assist with course selection, including Pathway Advisors, Degree Audit Reports, and Program Requirement Guides.

Registration Process for Current & Returning Students

1. Review Program Requirements Guide and Degree Audit Report (DARS) and meet with a Pathway Advisor. Select courses.
2. Login into your account to register online; or if assistance is needed, you may go to One Stop for online registration assistance.
3. Pay tuition online or print your fee statement and present it with payment at the Tuition Office before the posted due date. You will receive a paid fee statement upon receipt of payment. Refer to Tuition & Fees for details for payment options.
4. Purchase books and supplies.
5. Attend all courses for which you’ve registered.

Helpful Hint: Purchase your books prior to the start of class online through saintpaulcollegebookstore.com. Books are shipped to your home or, if selected, available for pickup at the Campus Store.

Adding, Dropping, or Withdrawing

Students bear primary responsibility for their Course Registrations. Students are responsible for canceling their registration by the due dates posted on the course schedule or for paying any balance due. To cancel registration, a student must login to their e-services account and drop their classes prior to the end of the designated add/drop period. Non-attendance is not a cancellation and students will be held responsible to pay any amount owed.

All students, including those receiving financial aid, will be assessed tuition and fees for the semester based on the number of credits for which they are registered on the 6th day of the semester.

Students may add courses at any time during the published “add” period for each semester. For a course that meets for the full semester, students who drop a course through the 5th day of a semester, may receive a tuition refund (pro-rated for summer semester). The refund schedule varies for courses that meet less than the full semester. Contact the Tuition Office for details on short courses. The add/drop and withdraw deadlines are listed on the course schedule.

Students may withdraw from courses to receive a “W” grade from the 6th day of the semester until 80% of the course sessions are over.

Students must withdraw from courses online in eServices. No refund is permitted after the 4th business day of the semester. Courses from which a student officially withdraws will be assigned the letter grade “W” (withdraw). Students who fail to withdraw from a course but stop attending before the end of the semester are subject to assignment of a letter grade of “FW” (failure to withdraw). Refer to the current course schedule in eServices for details regarding withdraw dates.
Students who cannot attend class during the first week of classes (or do not plan to log on for the first day of an online class) need to make arrangements in advance with their instructor. Students who miss class the first week without making prior arrangements with their instructor are subject to assignment of a letter grade of “FN” (Failure for Non-attendance). Students must drop courses they do not intend to attend before the end of the add/drop period.

**Student Records**
The Records Office is the official recorder of student academic records and progress.

**Student Transcripts**
Requests for Saint Paul College official transcripts are processed through the Records Office. All financial obligations to the College must be met before transcripts are released. An official transcript is issued for a fee upon written request or online submission from the college website: saintpaul.edu/studentservices/Student-Records. The transcript serves as the official record of student effort while enrolled at the College. Requests are processed within three business days. There is an additional fee for next business day service.

**TRANSFER OF CREDITS FROM OTHER INSTITUTIONS**
The College will review requests for transfer of credit from individuals who have completed coursework from other post-secondary institutions. Transfer credits accepted will appear on the Saint Paul College transcript and can be used to satisfy the program graduation requirements but will not be used to calculate the grade point average. Students seeking admission to the College who have attended another college or university and do not meet the College’s Satisfactory Academic Progress Standards must appeal for admission.

If you are interested in receiving transfer credit, you must request an official transcript from each institution attended be sent to Saint Paul College - Records Office. If you previously attended a Minnesota State college or university (excludes the University of Minnesota), the Records Office may be able to access your transcript electronically. Contact the Records Office to confirm the availability of these transcripts. Each credit to be considered for transfer must be supported by an official transcript from the originating institution.

A student shall earn a minimum of 20 credits for all associate degrees at the College. The residency requirement shall be reduced to 12 credits for students transferring with at least 12 college-level credits from another Minnesota State institution and/or the University of Minnesota. One-third of the credits required for a diploma or certificate must be earned at Saint Paul College. At least one course must be completed at Saint Paul College in order to earn the Minnesota Transfer Curriculum (MnTC).
ENROLLMENT INFORMATION

Students also may be eligible to transfer credit to the College through the following:

• AP - Advanced Placement Exams (for high school students)
• CLEP - College Level Examination Program
• Credit for Life Work/Work Experience (Prior Learning)
• IB - International Baccalaureate (for high school students)
• International Credentials
• Military - Related courses and experience

Please refer to the College Catalog for more information regarding transfer of credit standards and procedures.

Transfer of Credit Policies
Transfer of credit and courses will be evaluated based on policies and procedures of the College, as outlined in the College’s catalog, Minnesota State system policies and procedures, and according to Family Educational Rights and Privacy Act (FERPA).

Institution Accreditation
Transfer of credit will be considered for college level coursework completed at accredited institutions:

• Regionally Accredited: Degree-granting public, private, nonprofit and for-profit, two- and four-year institutions in the United States accredited by the Higher Learning Commission, (a Commission of North Central Association of Colleges and Schools) and/or parallel accrediting agencies in other regions of the United States.

• Nationally Accredited: Specialized institutions, including distance learning providers and freestanding professional schools recognized by the Council of Higher Education Accreditation (CHEA) and the U.S. Department of Education (USDE). Coursework will be considered on a course-by-course basis through an appeal process and will be judged to be comparable or equivalent to courses offered at Saint Paul College.

Transfer Course Evaluation
Courses will be reviewed and considered for transfer as follows:

• General education coursework completed at Minnesota State that fulfills the Minnesota General Education Transfer Curriculum (MnTC) will transfer based on the assigned goal area at the sending institution.

• General education coursework completed at the University of Minnesota or other institutions outside the Minnesota State system will be considered for transfer as:
  - Equivalent to a Saint Paul College general education course and MnTC Goal Area
  - Not equivalent to a specific Saint Paul College course, but will fulfill a MnTC Goal Area
Coursework that is not general education will be considered for transfer as:

- Equivalent to a specific course in a technical program (within five years of course completion, if in a technical program)
- Elective credit that does not apply toward general education or technical course requirements (including technical courses over five years old)

**Transfer Equivalency**
Courses approved for transfer must be comparable in nature, content, and level, and match at least 75% of the content and goals of the course syllabus for which the student is seeking equivalent credit.

**Transfer Appeal**
If a credit transfer is denied, you may request an appeal. Appeal forms are available online. If you are not satisfied with the results of the appeal, you may appeal to the Vice President of Academic Affairs at the College. A third and final transfer appeal is available at the system level.

**Transfer Grades**
All college level courses in which a student has received a grade of A, B, C, D or P/S will be considered for transfer evaluation. No F or D- grade courses will be accepted. Please note that while D grades will transfer, some programs require a grade of C or higher for all courses to fulfill requirements.
TRANSFER TO OTHER INSTITUTIONS
The best way to ensure a smooth transfer from our College to a four-year university is to understand the types of degrees offered at our College and which programs have transfer agreements with other institutions. Refer to the Articulation Agreements page of the Minnesota Transfer website for our transfer agreements, www.mntransfer.org/transfer/tools/t_artagreements.php, to find which programs at the College have transfer agreements with other institutions.

Understanding Transfer of Credits
The receiving college or university decides which credits transfer and if those credits meet its degree requirements; however, a course that meets a Minnesota Transfer Curriculum (MnTC) goal at Saint Paul College will meet the same goal at a Minnesota State Colleges and Universities institution.

Note: A course can meet a Minnesota Transfer Goal at the sending institution and yet may or may not be considered equivalent to a course at the receiving institution. The accreditation of both the sending and receiving institution can affect the transfer of credits earned, but it is not the only factor in determining transfer of credits.

Institutions accept credits from courses and programs like those they offer. They look for similarity in course goals, content and level: “like” transfers to “like.” The name of a course is not sufficient to determine equivalency. Not everything that transfers counts toward graduation. Bachelor’s degree programs usually count credits in three categories: general education, major/minor courses and prerequisites/electives. The key question is, “Will your credits fulfill requirements of the degree or program you choose?”

A change in career goal or major might make it difficult to complete all degree requirements within the usual number of graduation credits.

All colleges and universities are unique and differ from how they accept courses and other types of college credits (CLEP, AP, IB international credits, etc.); therefore, it is important to speak with an advisor, consult college catalogs and websites, and talk to an advisor at the four-year institution. Transfer guides to four-year institutions may be available to provide guidance in selecting the courses intended to transfer from the College. You may access the College Catalog, the College website (saintpaul.edu), or the Minnesota Transfer website (www.mntransfer.org) for more information. To understand your rights as a Transfer Student, refer to the College Catalog or contact your Advisor.

The Board of Trustees for Minnesota State establishes tuition rates annually. Tuition rates will be based on a per credit basis for all credit course offerings and are subject to change. The Course Schedule lists tuition and fee rates for the semester.

If you are a qualified senior citizen (over the age of 62) you may be eligible to attend classes at a reduced tuition rate. Refer to the current Course Schedule for details. Registration is allowed on a space-available basis beginning the second class session. Senior citizens who register before the first day of the semester must pay full tuition and fees.
Student Fees
Course Fees Selected courses have additional course fees which can include, but are not limited to, charges for such items as: tools, books, materials and supplies retained by the student, liability insurance (clinical experiences), or special testing fees, etc. Course fees are listed in the Course Schedule displayed on the College website. To determine if a course has additional course fees, select the course from the semester course schedule and place cursor on the course title and click the link to view the course details.

FINANCIAL AID

General Information
Financial aid is money available to help students finance the cost of an education. Financial aid comes in the form of grants (money that you do not have to pay back), loans (money that you must pay back), and college work-study (money you earn through employment). Eligibility is determined from the results of the Free Application for Federal Student Aid, FAFSA.

As a student, you have the primary responsibility to pay for your education. Financial aid is intended to supplement the difference between the cost of education and the expected family contribution. Several programs are available to help you meet your educational expenses. The Financial Aid Office determines Saint Paul College financial aid eligibility after receiving the FAFSA results and after processing all required documents. You must be admitted to a program at the College that leads toward a degree, diploma, or eligible certificate to be qualified for financial aid. For additional information, contact the Financial Aid Office at financialaid@saintpaul.edu or go online to the College website at saintpaul.edu/financialaid.

Financial Aid Definitions

A. FAFSA - Free Application for Federal Student Aid is an annual application for students to receive all forms of financial aid: grants, loans, and college work-study.

B. Cost of Attendance - This is considered the cost of education at the College. It includes tuition, fees, a room and board allowance, books, supplies, a transportation allowance, and a personal expense allowance. It helps determine how much financial aid a student is able to receive during a semester of enrollment.

C. Expected Family Contribution - An amount, determined by a formula called Federal Methodology, that indicates how much of the student and the student’s family’s resources should be available to help pay for school. The Expected Family Contribution (EFC) is used in determining the student’s eligibility for federal and state financial aid. If a student has unusual expenses that may affect the student’s ability to pay for school, the student should notify the Financial Aid Office.

D. Financial Need - The difference between the cost of attendance and the expected family contribution.

E. Full Time Enrollment - 12 credits or more per semester.

F. Three Quarter Time Enrollment - 9-11 credits per semester.

G. Half Time Enrollment - 6-8 credits per semester.
H. Less Than Half Time Enrollment - 5 credits or fewer per semester.

I. Maximum Time Frame - The amount of time, defined in attempted credits, the student may receive financial aid to complete a program. Currently, students may receive financial aid for up to 150% of the required credits in the registered program. Example: If a program is 64 credits long, the student may attempt 96 credits within that program and still receive financial aid as long as the credits are required.

TYPES OF FINANCIAL AID
The following types of financial aid are available at the College.

Grants
Grants are gift aid, which you do not have to pay back. Students who have completed a bachelor’s degree or the equivalent are not eligible for grants.

Federal Pell Grant
Students apply for the Federal Pell Grant by completing the FAFSA. Pell Grants vary from $400 per year up to the federally legislated maximum. Pell Grant recipients must be enrolled in an eligible program and must maintain satisfactory progress in their coursework.

Minnesota State Grant
A grant for Minnesota residents who are attending an accredited post-secondary institution. The award process is similar to the Pell Grant. Students apply by completing the FAFSA.

Federal Supplemental Education Opportunity Grant (SEOG)
This program is designed for students who have exceptional financial need. Funds are limited. Eligibility is determined by the Financial Aid Office with priority given to students who apply for Financial Aid early.

Minnesota Postsecondary Child Care Grant
This grant is for students who are Minnesota residents, have children ages 12 and under (14 and under, if disabled), have financial need, and have child care expenses. Recipients must not be receiving Minnesota Family Investment Program (MFIP) assistance. Students who have received an award letter can request an application from the Financial Aid Office or online.

Federal Work-Study/State Work-Study
These programs employ students on campus. Pay is established by the College. These programs provide work for up to 20 hours per week. Total work-study earnings are not to exceed the cost of attendance. Work-study positions available on campus include tutors, office assistants, and lab assistants.
Loans
Loans are financial aid that must be paid back. You must complete online entrance loan counseling and a Master Promissory Note through Saint Paul College in order to apply for a loan.

Federal Direct Loans
Students can also receive help to meet their educational expenses by borrowing money from Federal Student Aid. Subsidized and Unsubsidized loans are available based on eligibility. Dependent first year students can borrow up to $5,500 per academic year. Upon completion of 30 credits toward program requirements, eligibility increases to $6,500 per academic year. Independent students are eligible for additional unsubsidized loans. All loans must have two disbursements. Loans accepted for only one semester will have a disbursement at the start of the semester and a second disbursement half-way through the semester.

Federal PLUS Loan Program
The Federal Parent Loans for Undergraduate Students (PLUS) Loan Program for undergraduate students can be used by parents of dependent students who are in need of additional funds. The program allows parents to borrow up to the cost of attendance minus other aid. Parents must successfully pass a credit check to be eligible for a PLUS loan.

Other Sources of Financial Assistance
Several government and private agencies provide financial assistance to eligible students. Contact the local office of any of the following agencies for consideration. The agency determines who is eligible for assistance.

- Division of Rehabilitation Services (DRS/DVR): www.deed.state.mn.us/rehab
- Minnesota Indian Scholarship Program: www.ohe.state.mn.us
- Veteran Benefits (VA): www.vba.va.gov/VBA
- Services for the Blind (SSB): www.mnssb.org
- Private Scholarships - check with your high school counselor or the library, and the following websites:
  - www.fastweb.com
  - www.finaid.org
  - www.fastaid.com
  - www.college-scholarships.com
HOW TO APPLY FOR FINANCIAL AID

1. Apply for admission to the College. Students must declare a major and be enrolled in a program leading towards a degree, diploma or eligible certificates to be qualified for financial aid. Awards vary based on your enrollment level (full-time, part-time). Financial aid will be based on the number of enrolled credits by the drop/add deadline.

2. Fill out the Free Application for Federal Student Aid (FAFSA). You must apply electronically through the Federal Department of Education website at www.fafsa.gov. During the application, enter the Saint Paul College school code, 005533. The Financial Aid Office will receive an electronic copy of the results within two weeks.

3. If you have attended any post-secondary schools prior to Saint Paul College and want to be considered for the Minnesota State Grant, submit academic transcripts to the Financial Aid Office from all previously attended schools.

4. After the Financial Aid Office receives the FAFSA results from Student Federal Aid, your application will be reviewed. Quickly respond to any and all requests for additional information. When your file is complete, financial aid eligibility will be calculated and you will be notified by email that an award letter has been created on your College eServices account.

5. Carefully read your award letter and follow the instructions for receiving awards. All loans and the Minnesota Child Care grant require additional application requirements.

Students Selected for Financial Aid Verification
The College verifies Free Application for Federal Student Aid (FAFSA) information of students selected by the Federal Student Aid or selected by the College. Students selected for verification will be notified by email that the Aid Application Status Letter, explaining the required documentation to complete the verification process, is available on their eServices account. The Aid Application Status Letter will request specific information and/or documents required for verification. Self-reported information including household size or number attending college may be requested or documents including proof of citizenship or child support paid may be needed. The documentation requested will depend on the verification group the student is placed in, as chosen by Federal Student Aid or the College.

Students should submit all required documentation within 30 days of the request. The financial aid process will not continue until the required documentation is received. Not submitting the requested documentation in a timely manner may result in loss of eligibility for the current academic year.

Once all required documentation has been received, students should allow a minimum of 14 business days for the verification process to be completed. If the FAFSA data matches the verification information, the Financial Aid process will continue toward a complete and accurate file at which time the student Award Letter can be viewed on-line at saintpaul.edu under the student’s eServices account. Any
TUITION & FEES

FAFSA discrepancies found as a result of the verification process will be corrected by the Financial Aid Office and electronically submitted to the central processor. Upon receiving a corrected FAFSA report from the central processor, an Award Letter will be available to the student. Any cases of suspected fraud or misreported information or altered documentation to fraudulently obtain federal funds will be discussed with the College administration and referred to the Office of Inspector General of the Department of Education via Minnesota State.

Applying Financial Aid to Your Account
Financial Aid and other awards start applying to your student account during the third week of each semester. If you are using financial aid to pay your tuition and fees, you will have a balance on your account until the third week of classes. Students interested in charging books and supplies to their student accounts can do this through their Financial Aid award notification process. Any charges made through book charging will be added to your account and then paid when aid is applied.

Any remaining excess funds will be sent to the student through BankMobile Disbursements. You will receive a letter in a green envelope from BankMobile Disbursements shortly after registering for your first class. After you receive the letter, you must choose how you want to receive any excess funds. You can set up a direct deposit to a current bank account, request a debit card (known as the Saint Paul College Card) from HigherOne, or have a check mailed to you. For more information on disbursement, go to Saint Paul College Card: Disbursement Options.

After the first disbursement of the semester, aid applies weekly to student accounts on Wednesdays. First-time loan borrowers must wait 30 days until the first disbursement of their loans. All loans must have at least two disbursements. Semester-only loans will be disbursed at the beginning of the semester and at the half-way point of the semester.

FINANCIAL AID POLICIES & PROCEDURES

Withdrawals
If you withdraw from the College before the add/drop date for a semester, you will not receive financial aid funds because there will be no class registration. If you withdraw from attendance at the College for any reason after the add/drop date for the semester, you will be placed on financial aid probation the following academic semester.

Students who receive financial aid and withdraw from all classes are subject to a Federal Return of Title IV Funds policy. The policy states that if you withdraw up through 60% of the semester, a proportional amount of financial aid either received or that was applied to your student account must be refunded to the Federal government.
Any institution refund calculated within the first four weeks of school semester will be applied to the student’s account to reduce the student’s share of the Return of Title IV Funds. Funds returned to the federal government are used to reduce the federal program amount from which funds were disbursed. Funds are returned in the following order:

- Unsubsidized Federal Direct Loan
- Subsidized Federal Direct Loan
- Federal PLUS Loan
- Federal Pell Grant
- Federal SEOG Grant

Other assistance under Title IV for which a Return of Funds is required
After the institution’s share of any required refund to Title IV programs has been refunded, a proportional share of any remaining institutional refund (not to exceed the amount of the State grant payment the student initially received for the semester), must be returned to the State Grant Program.

Consortium Agreements for Financial Aid
If you are taking classes at another college which are required for your program at the College, you must complete a consortium agreement if you would like those courses considered for financial aid eligibility. The Consortium Agreement form is available online on the Financial Aid Forms page and also in the Financial Aid Office, and must be completed with an attached registration form from the host institution and submitted to the Financial Aid Office by the add/drop deadline. If a consortium agreement is not submitted, financial aid calculations cannot consider courses taken at the host school, as you cannot receive financial aid at two different schools during the same semester of enrollment.

Tuition & Fee Deferments
Tuition and fees will be deferred provided the following has been met by the posted tuition deadline for the semester:

1. Student has received an Award Letter with financial aid eligibility equal to or greater than the tuition/fee charge. (Loan eligibility requires a submitted Promissory Note).
2. An electronic Institutional Student Information Record (ISIR) is received resulting from submission of a FAFSA.

Any tuition/fee balance not covered by Financial Aid is the student’s payment responsibility.
TUITION & FEES

Financial Aid Book Charging Process
Students may charge up to $300.00 through the Virtual Bookstore for required books and materials once they are registered for courses. Those who have a Financial Aid ISIR on file and have completed the loan acceptance process or those who have a third party authorization on file may be eligible to charge more under the following conditions:

- The total financial aid or third party funds you will be receiving, at your registered credit level, exceeds your current account balance.
- You have activated your Saint Paul College email account.

Special Circumstances/Income Review
Federal laws governing financial aid allow the College Financial Aid Office to recalculate financial need in cases of special circumstances not taken into consideration by the Free Application of Federal Student Aid (FAFSA). To ensure fairness and compliance with federal regulations, there are limits to which circumstances can be considered. Special circumstances are considered on a case by case basis.

For more detailed information on types of special circumstances and requirements for submitting a “Special Circumstances Appeal Form” go to saintpaul.edu/financialaidforms.

Dependency Override Appeal
Federal Student Aid determines a student’s status as dependent or independent by the answers the student provides on the thirteen questions listed in Step 3 of the Free Application for Federal Student Aid (FAFSA). Students are classified as dependent or independent because federal student aid programs are based on the principle that students (and their parents or spouse) are considered the primary source of support for postsecondary education. The Dependency Override process is used to address on a case-by-case basis a student who claims to be independent but does not meet the federal criteria. The student must demonstrate unique and extenuating circumstance.

For more detailed information on types of extenuating circumstances given consideration and requirements for submitting a “Dependency Override Appeal: Student Information/Recourse Statement” form go to saintpaul.edu/financialaidforms.

Audited & Credit by Exam Courses
Audited or Credit by Exam Courses are not eligible for Financial Aid.
TUITION & FEES

Consortium Credits
Credits for which financial aid is disbursed under a consortium agreement will be recorded as consortium agreement credits and will be included in the calculation of Satisfactory Academic Progress for financial aid.

Developmental Education Courses & English for Academic Purposes (EAP) Courses
Developmental Education courses and English for Academic Purposes (EAP) courses will be included in the cumulative GPA and completion rate. English for Academic Purposes (EAP) courses and up to 30 credits of Developmental Education coursework will be excluded from the 150% maximum time frame calculation.

Repeated Courses
Courses may be repeated for financial aid eligibility for “F,” “W,” “FN” or “FW” grades or if program requirements require a higher grade. The cumulative GPA will use the highest grade achieved. To request the opportunity to repeat a course for the third time, students should meet with their Pathway Advisor. Courses repeated a third time require registration permission from the Associate Dean of Student Success. The cumulative completion rate includes all repeated courses.

Satisfactory Academic Progress for Financial Aid: See page 147 for full policy

Transfer Credits
Credits taken at previous schools accepted for current program requirements will be included in the 150% maximum timeframe.

Withdrawals
All coursework designated with a withdrawal are calculated in the cumulative completion rate and maximum timeframe.

Tax Benefits for Education
Tax credits, deductions and savings plans can help taxpayers with their expenses for higher education.

- A tax credit reduces the amount of income tax you may have to pay. Education credits include the American Opportunity Credit and the Lifetime Learning Credit.

- 1098-T Tuition statements are issued in January. Please go to the following website for additional information: www.minnstate.edu/system/finance/taxinformation

- A deduction reduces the amount of your income that is subject to tax, thus generally reducing the amount of tax you may have to pay.

- Certain savings plans allow the accumulated interest to grow tax-free until money is taken out (known as a distribution), or allow the distribution to be tax-free, or both.

- An exclusion from income means that you won’t have to pay income tax on the benefit you’re receiving, but you also won’t be able to use that same tax-free benefit for a deduction or credit.
ACADEMIC INFORMATION & POLICIES

ACADEMIC PROGRAMS

Degrees, Diplomas & Certificates
The College offers academic and technical programs and awards degrees, diplomas and certificates under the authority of the Board of Trustees for Minnesota State. For specific information on academic programs at the College, please refer to the College Catalog which is published annually and can be found on the College website.

Associate of Arts Degree (AA)
The Associate of Arts (AA) degree is awarded for successful completion of a program of 60 semester credits in liberal arts and sciences and is designed to constitute the first two years of a baccalaureate degree. The AA is a liberal arts degree intended primarily for students who plan to transfer to another college or university to complete a Bachelor's Degree.

An AA degree must include the entire Minnesota Transfer Curriculum (MnTC) (40 semester credits), which, pursuant to Minnesota Statute, must transfer to any institution in the Minnesota State system or the University of Minnesota. Students are to develop an educational plan in consultation with a College Advisor to assure that degree requirements are fulfilled as requirements may vary depending upon the major and transfer college.

Associate of Science Degree (AS)
The Associate of Science (AS) degree is awarded for successful completion of a program of 60 semester credits in a designated field or area which transfers to a baccalaureate major in a related scientific or technical field. The AS degree provides a balance of liberal arts education and career-oriented courses. The AS degree prepares students for direct employment; however, articulation agreements must exist between the institution awarding the Associate of Science degree and the institution awarding a related baccalaureate degree. An Associate of Science degree shall include a minimum of 30 semester credits in general education as described in the MnTC distribution requirements for the AS degree.

Associate of Applied Science Degree (AAS)
The Associate of Applied Science (AAS) degree is awarded for successful completion of a program of at least 60 semester credits and is intended for students who desire immediate employment upon graduation. At the College, the AAS program shall include a minimum of 16 semester credits of liberal arts and sciences courses as described in the MnTC distribution requirements for the AAS degree.

Diploma Programs
Diplomas are awarded for successful completion of 31-72 semester college-level credits and are intended for students who desire entry-level employment skills or career advancement. Students in diploma programs are required to complete technical courses and in most cases general education courses.
Certificate Programs
Certificates are awarded for successful completion of 5-30 semester college-level credits. Certificates are awarded for successful completion of a program intended to provide students with entry-level employment skills or to enhance a student’s technical skills.

Internships
Some major program areas require an internship. For other areas, an internship is optional. When students are ready to complete this phase of their training, they should consult with their faculty advisor to set up and coordinate the internship.

While completing the internship, the student remains registered at the College.

Students are not excused from tuition payment and must continue to meet course and Satisfactory Academic Progress requirements for all courses in which they are enrolled. In some cases, successful completion of an internship is a prerequisite to earning a degree, diploma, or certificate.

ACADEMIC STANDARDS

Grade Point Average
A college-level cumulative grade point average of 2.0 (C) is required to graduate with a degree, diploma, certificate or completion of the Minnesota Transfer Curriculum.

Grade Point Average Computation
For each grade students earn in a course, they will be assigned honor points.

**TOTAL:** 17 34

Honor Pts/Enrolled Credits = GPA34/17 = 2.0

**Grade Report**

End-of-semester grade reports are available online by logging into your eServices account approximately 5 days after the semester ends.

**President’s List**

Once a student is admitted to their selected program and has completed 12 credits with a cumulative grade point average of 3.75 or higher and a 100% completion rate, they will be placed on the President’s list and sent a letter of recognition from the President of the College. A notation will be made on the student’s transcript to indicate this achievement.

**Dean’s List**

Once a student is admitted to their selected program and has completed 12 credits with a cumulative grade point average of 3.5 – 3.74 and a 100% completion rate, they will be placed on the Dean’s list and sent a letter of recognition from the Dean of their program. A notation will be made on the student’s transcript to indicate this achievement.

**ACADEMIC FORGIVENESS POLICY**

The Academic Forgiveness Policy allows a student a one time opportunity to have less-than-satisfactory grades forgiven. All forgiven courses will remain on the student’s transcript; however, the grades will not calculate in the student’s cumulative grade point average (GPA). Prior to requesting academic forgiveness, you must meet the following criteria:

1. Have a minimum two-year continuous break in enrollment from the College.
2. Have a cumulative GPA of less than 2.0 prior to the break in enrollment.
3. Return to the College and complete a minimum 12 credits with a minimum 2.0 GPA in the coursework attempted after the break in enrollment. When these criteria have been met, you may request forgiveness for a maximum of two semesters of coursework with grades of D, F, FW, N, and FN.
INCOMPLETE GRADES
Students may request an Incomplete grade from an instructor if:

1. The withdraw deadline has passed and
2. The student is successfully completing the course and
3. The student can provide documentable extenuating circumstances (ex. illness or emergency) preventing completion of the course.

It is up to the discretion of the faculty member to approve the request for an incomplete grade. Approved students will temporarily be assigned a letter grade of “I” during the course extension period. The faculty and student will determine a deadline for the extension period, not to extend beyond eight weeks in the following semester. Fall semester is considered the following semester for incomplete grades approved for spring and summer semesters.

Please note:

• Students who do not complete course requirements within the course extension period, will have their incomplete grade replaced with an “F”.
• If the incomplete course is a prerequisite for another course, the student will not be able to register for the subsequent course.

COURSE AUDITS
Students may audit a course on a space available basis as determined at the start of the class. To audit a course, a student must:

1. Register for the course and pay the required tuition and fees.
2. Obtain a Request for Audit Status form from One Stop.
3. Obtain instructor written approval during the first class session on the Request for Audit Status form.
4. Submit the signed form to One Stop by the 5th business day of the semester.

Courses taken on audit status do not count toward requirements for degrees, diplomas, or certificates. In addition, audited courses do not qualify for financial aid or veterans’ benefits.
REPEATED COURSES
Students may repeat a course for the purpose of achieving a higher grade or to review course material. Credits will be counted only once as “earned credits.” Transfer credits will be removed for any repeated course at Saint Paul College. If both the original and the repeated grade are taken at the College, both will appear on the student’s transcript and the highest grade will be used to compute the grade point average (GPA).

Students requesting to repeat a course a third time require permission from the appropriate Pathway Advisor. The Request for Third Attempt form is available from One Stop. If permission is not acquired prior to registering, students may be deregistered from the course. If the deregistration occurs after the drop period, the student will receive a “W” grade for the course and be responsible for the tuition and fees. Credit by Exam and independent studies are not acceptable means of earning credits for a failed course.

Veterans’ benefits are not payable for repeating courses which, based upon school standards, have previously been successfully completed. Courses which have not been successfully completed include those for which a grade (“F” or the equivalent) was assigned and those for which a grade below the required minimum was assigned (“D” assigned when academic regulations pertaining to the course or program require at least “C”).

MAXIMUM CREDIT LOAD
To register for 22 or more credits in a semester or more than 9 credits in summer session, students must obtain authorization from their Pathway Advisor. Guidelines to exceed the limit are: If you have compiled at least a 2.75 GPA at the College and have accumulated 20 credits; if you transfer in with a 3.0 GPA and an accumulation of 20 credits; or if there are other documented circumstances that justify the exception.

CREDIT FOR PRIOR LEARNING
The College provides students opportunities to demonstrate competence at the college level from learning gained through learning experiences outside of a college or university credit-bearing course through credit for prior learning. Refer to the College website for further details.

Credit for prior learning (CPL) is determined on a case by case basis at the discretion of the teaching faculty. It is commonly assessed through a formal examination (Credit by Exam) or through portfolio review. The fee for CPL is one-half of the tuition of the traditional course. The fee is non-refundable, not financial aid or veteran education benefit eligible, and must be paid prior to assessment. Students are not eligible to earn CPL once they have earned a grade in a more advanced course within the discipline. Students who successfully complete CPL will have a letter grade of “P” (pass) assigned on their transcript. Students who do not successfully complete CPL will have a letter grade of “NC” (no credit) assigned.
CONVERSION
The conversion of quarter hours to semester hours is 0.67 for each quarter hour.

GRADUATION REQUIREMENTS
A Graduation Commencement Ceremony is held annually in May for students completing program requirements within the academic year. To be eligible to graduate from Saint Paul College, students must:

- Earn the total required credits and successfully complete courses listed on their DARS;
- Earn a cumulative GPA of 2.0 in 1000 level courses or above;
- Apply to graduate online;
- Fulfill all financial obligations to the College;
- Meet degree residency requirements.

Degrees/diplomas/certificates are conferred by the President to the graduates of Saint Paul College—A Community & Technical College under the authority of the Minnesota State Board of Trustees.

Time Limits for Graduation Requirements
Students will have five years to complete coursework under the terms of the catalog in effect at the time of the first semester of enrollment. Students must have been in attendance during the catalog year selected. Students taking more than five years to complete graduation requirements may follow any catalog in effect during the five-year period preceding the date of graduation.

If there is a break in attendance for one year or longer, you are encouraged to discuss your educational plans with the Registrar for a determination on which catalogs you can apply under and would benefit you the most.

To ensure graduates receive the most up-to-date skills, technical credits are valid for five years or have a five-year “lifespan.” This includes transfer technical credits which are used for specific technical program requirements. Technical courses that are beyond the five-year limit may be accepted, depending upon currency, relevancy, and current work experience of the student.

APPEALS FOR EXCEPTIONS TO COLLEGE POLICY
Exceptions to College policy will be handled through an appeals process. Students must submit an appeal in writing stating the exact nature of the appeal and include appropriate documentation to support the appeal. Completed forms should be submitted to One Stop.
CHANGE OF NAME
Students with a change of name during your enrollment at the College will need to update their college records. The Change of Name Request is made in One Stop or online by submitting the Change of Name form and uploading the required documents in the Secure Uploader found at saintpaul.edu/admissions/one-stop-forms.

The Change of Name Request requires:
Proof of authenticity:
1. A State or Federal issued photo ID:
   » A driver’s license
   » A passport
   » A State issued identification card or document

AND

2. Proof of legal name change:
   » A marriage decree
   » Divorce decree
   » A court order
   » Certificate of U.S. Citizenship

AND

3. Social Security card with the new name.

PREFERRED NAME
The College recognizes and supports the members of its community who wish to use preferred names where legally permissible. A preferred name is a name that a person has chosen to identify as within the College which is different, in whole or in part, from one’s legal name. Students are able to edit their preferred name in eServices.

ENROLLMENT VERIFICATION
Students often need enrollment verification or certification from the Student Records Office for government or private agencies, to verify full or half-time status.

The College uses the following definitions for full and half-time status:
• Full-time – A student registered for 12 or more semester credits.
• Half-time – A student registered for 6-11 semester credits.
• First Year – A student who has earned less than 30 semester credits.
• Second Year – A student who has earned 30 or more semester credits.
The release of information is in accordance with the provisions set forth in the Family Educational Rights and Privacy Act (FERPA) of 1974, which is a Federal law that protects the privacy of student education records. For more information, go to Student Records Policy.

**How to Obtain Enrollment Verification**

The College has authorized the National Student Clearinghouse to be the agent for verification of student enrollment status. Students can obtain enrollment verification 24 hours a day, 7 days a week for current or previous semesters by logging into the self-service site. Students must have their social security number on file with the College in order to use this service.

Access the National Student Clearinghouse self-service site to:

- Obtain an enrollment certificate to print and mail to a health insurer or other company that requests proof of your enrollment.
- Obtain a Good Student Discount Certificate (if eligible) to print and mail to automobile insurer.
- View enrollment information on file with the Clearinghouse.
- View the student loan deferment notifications that the clearinghouse has provided to your loan holders (lenders and guarantors).
- View the proof(s) of enrollment that the Clearinghouse has provided to your health insurers and other providers of student services or products.
- Order an official transcript or view the status of your transcript requests.
- View specific information about your student loans.

The National Student Clearinghouse is not able to process both enrollment verifications and a Good Student Discount Certification information in a single certificate, so if you need both, it will require two separate transactions.

Students requesting verification for Continuing Education/Workforce Training non-credit courses may contact 651.846.1800.

**SATISFACTORY ACADEMIC PROGRESS STANDARDS - FOR ALL STUDENTS**

Saint Paul College is dedicated to providing all students with the opportunity to reach their educational goals. Students who have attempted at least one credit are responsible for maintaining an acceptable level of academic progress. The Satisfactory Academic Progress (SAP) standards define the GPA and completion rates students must meet.

To support their efforts to meet academic standards, students should attend class regularly and actively engage in the learning process. Students are also expected to monitor their own academic progress.
The following standards are used to determine a student’s academic status at the end of a semester:

**Grade Point Average (GPA) Requirement**
- Students must maintain a minimum 2.0 cumulative grade point average.

**Completion Rate Requirement**
- Students must maintain a completion rate of at least 67% of the cumulative credits attempted.

**Academic Warning**
The first time academic standards are not met, the student will be placed on academic warning for the next semester of enrollment. Once the warning is issued, a hold is placed on the student’s account. The student must fill out the online Academic Warning Agreement Form to have the registration hold removed.

While on academic warning, a student is required to earn the following:
1. A cumulative grade point average of 2.0 or higher and
2. A cumulative completion rate of 67% or higher.

Students will be suspended if the above requirements are not met.

**Academic Suspension**
Students who fail to meet academic standards in their warning period will be placed on academic suspension for two semesters. All students placed on suspension must appeal to be reinstated. First-semester students earning grades of all F’s, FN’s, and/or FW’s will be immediately placed on academic suspension.

**Appealing Academic Suspension**

**Appealing Due to Extenuating Circumstances**
Students who believe they failed to achieve satisfactory academic progress due to extenuating circumstances may file an appeal prior to taking the required two semesters off. However, students must provide documentation supporting their claim of extenuating circumstances interfering with their ability to be successful in school.

**Appealing for Reinstatement After Serving the Required Two Semesters**
Students who have served their suspension period must appeal for reinstatement by completing the Suspension Appeal Packet, which can be obtained in One Stop or via the Saint Paul College website.

**Academic Probation**
Students with an approved appeal will be reinstated to the College on probationary status. While on academic probation, a student is required to earn the following: 1. A cumulative grade point average of 2.0 or higher and 2. A cumulative completion rate of 67% or higher. Students will be suspended again if the above requirements are not met.
SATISFACTORY PROGRESS STANDARDS - FOR FINANCIAL AID RECIPIENTS

Federal regulations require that a college develop a standard of satisfactory academic progress. This satisfactory academic progress standard must have both a qualitative standard (grade point average) and a quantitative standard (course completion). If the student fails to meet either of these two standards, the student will first be given a warning semester. If the student fails to meet either of the satisfactory academic progress standards during the warning semester, the student will be suspended from financial aid.

Students who have been suspended from financial aid due to these standards, may receive financial aid again after they have met the satisfactory academic standards or by successfully appealing the loss of aid. Appeal procedures for the loss of financial aid may be found online at saintpaul.edu/financialaid. If the appeal is approved, the student will be placed on probation until both standards have been met. Students bear primary responsibility for their own academic progress and for seeking assistance when experiencing academic difficulty. Students are encouraged to keep a file of their grades and transcripts.

Qualitative Standard
Students are required to maintain a minimum 2.0 cumulative GPA for all coursework including withdrawals, incompletes and non-credit courses. For repeated courses, the highest grade achieved will be used for the GPA. Transfer credits do not affect the student's GPA.

Quantitative Standard
Students are required to complete 67% of the cumulative credits attempted based on their enrollment status. All credits attempted will be calculated into the completion percentage. This includes courses that are designated with a withdrawal, incomplete, non-credit courses and courses that have been repeated. Any coursework that has been accepted as transfer credit toward current program completion will also be included in progress made toward the current program.

Maximum Time Frame
All students are expected to complete their program within an acceptable period of time. Financial aid recipients meeting Satisfactory Academic Progress requirements may receive aid until they complete their program or until they have attempted 150% of the required coursework in their current program/declared major. All credits attempted at the College count toward maximum time frame. This includes withdrawals, incompletes, non-credit courses, and courses that have been repeated. Credits taken under a previous major and transfer credits will count toward maximum time frame.
Implementation
Academic progress is evaluated at the end of each semester. A student who fails to meet cumulative progress requirements will be placed on financial aid probation or suspension. Academic progress will be monitored as follows:

1. Satisfactory Academic progress monitoring begins with the first credit. Upon six (6) credits of enrollment, all students with registered credits during a semester will be evaluated at the end of the semester.

2. Any student who fails to meet cumulative GPA and completion rate satisfactory academic progress requirements for one semester will be placed on warning for the subsequent semester and will be notified by email. Financial aid may be received during a warning status.

3. A student on warning who fails to meet the required cumulative standards will be suspended from financial aid and notified by email.

4. Upon evaluation, if the College determines that it is not possible for a student to meet the minimum cumulative standards prior to completing a degree/diploma or certificate for their declared major, the student will be suspended from financial aid and will be notified by email.

5. A student who has exceeded the maximum time frame will be placed on suspension from financial aid and will be notified by email.

Suspension for Extraordinary Circumstances
The College may immediately suspend a student in certain circumstances, such as but not limited to:

- A student who was previously suspended and whose academic performance falls below acceptable levels during a subsequent semester
- A student who registered for but does not earn any credits for one semester by earning all FN/FW/F grades
- A student who demonstrates an attendance pattern that abuses the receipt of financial aid.

Financial Aid Appeals
A student who fails to make satisfactory academic progress and is suspended from financial aid has the right to appeal based on unusual or extenuating circumstances, which may include but shall not be limited to a death in the family, student’s injury or illness, etc.
Appeals Process
Appeals forms are available online at saintpaul.edu/financialaid. The appeal must include a thorough explanation of the circumstances that affected academic progress and complete “Financial Awareness” counseling on www.studentloans.gov. If applicable, the appeal must include supporting documentation beyond the written explanation. The appeal form can be submitted online and with the required documents in the Secure Uploader found at saintpaul.edu/admissions/one-stop-forms. A written decision on the appeal will be provided to the student.

If the appeal is approved, the student may receive financial aid for the next semester. When GPA and/or completion rate requirements for the approved appeal semester are met, the student will remain financial aid eligible. If these requirements are not met for the semester and the student does not meet required standards, the student will be suspended from financial aid eligibility.

Probation
Students who have successfully appealed their suspension will be placed on probation for the next enrolled semester. If, at the end of that semester, the student has met the college’s cumulative grade point average (2.0 GPA) and completion rate (67%) requirements, the student will be in good standing. Students who do not reach the college’s cumulative grade point average and completion requirements, but have a semester GPA of at least 2.5 and course completion of 100% on probation for another semester of enrollment. Students who fail to meet cumulative or semester requirements for GPA and completion will be placed back on financial aid suspension.

The Office of Access & Disability Resources provides accommodations for a variety of disabilities including, but not limited to: learning disabilities, hearing and vision loss, physical and psychological disabilities, attention deficit disorders, brain injuries, autism spectrum disorders, cognitive, and other health related disabilities.

Students with disabilities seeking services are asked to submit appropriate documentation of their disability and meet with the Director of Access & Disability Resources to create an accommodation plan. Accommodations are determined on a case-by-case basis and are NOT retroactive. It is essential to discuss your needs before, or at the beginning of every semester. Additionally, only accommodations approved by the office of Access and Disability Resources will be provided.

Examples of Accommodations

- Alternative testing (e.g. extended time, alternate format and/or location)
- Note-taking
- Sign Language Interpreting Services
- Organization or time management assistance

For more information, please visit: saintpaul.edu/studentservices/Access-and-Disability-Resources
Rights, Responsibilities & Advocacy
Students with disabilities who want services are responsible for contacting the Office of Access & Disability Resources to request services. You must provide the disability office with current documentation as it relates to your disability and the services you are requesting. Prior planning is the key to ensuring you receive timely and appropriate services. During your intake interview with the Director of Access & Disability Resources you will discuss the services you may need and the procedures for setting up those services. Your disability information is maintained separately from your academic record in compliance with federal and state data practice laws.

Saint Paul College may not treat an individual with a documented disability differently from individuals without disabilities or have a policy that disparately impacts individuals with disabilities. The College complies with federal and state laws to provide qualified individuals with documented disabilities access to its programs and services through reasonable accommodations. Accommodations allow students with disabilities to effectively participate in and utilize the College programs and services. Reasonable accommodations are designed to “level the playing field,” and cannot modify the fundamental standards of courses or programs, or lower performance expectations.

Rights of the Student
• Equal opportunity to learn, work, and receive reasonable accommodations, academic adjustments and/or auxiliary aids and services.
• Access to services that may be needed for equal access to courses, programs, services, jobs, activities, and facilities offered by the College.
• To be treated in the same manner as other students.
• Privacy of information regarding the disability in accordance with applicable laws.
• Report any grievances in a timely manner.

Responsibilities of the Student

ACADEMIC SUPPORT SERVICES

Self-Advocacy is Critical to Success in Higher Education
The College is restricted from seeking out students with disabilities due to privacy laws. You are responsible for requesting the services you believe you need; the College generally does not provide accommodations unless or until you ask. Self-advocacy is required to obtain disability accommodations and is an important skill to build for life and career success.

Policies & Procedures
All Minnesota State campuses have developed policies and procedures for providing reasonable accommodations to students with disabilities. Contact the Office of Access & Disability Resources for information.

Access & Disability Resources
Saint Paul College will provide equal access to qualified students with disabilities in all programs, services and activities. Access means that a qualified individual with a disability will not be excluded from participation in, or be denied the benefits of, college services, programs, or activities; nor will the student be subject to discrimination. All reasonable and appropriate accommodations will be provided for students who have a qualified disability based on recent psychological or medical evaluation. The student is required to give 48 hours advanced notice of the need for such accommodations. In accordance with the Americans with Disabilities Act, accommodations will NOT be provided:

- For personal devices or services, even though the individual may be a qualified individual with a disability.
- If the accommodation would result in fundamentally altering the nature of the program.
- When the academic requirements are essential to a program of study.
- To meet licensing prerequisites.
- If the accommodation would cause undue financial or administrative burden.

Sign Language Interpreting
Students requiring sign language interpretation should request services in advance of class. The Office of Access & Disability Resources requests two weeks’ notice for interpretation of a class and five business days to arrange interpretation for a meeting. The Office of Access & Disability Resources will attempt to schedule an interpreter when less notice is provided, but reserves the right to reschedule meetings or delay services if this is not possible.

Notice of Absence: Students are responsible for notifying the Office of Access & Disability Resources and/or the interpreter as soon as possible when the student will be absent from a class or meeting. If a student is absent for three class periods and/or meetings in a semester without notifying the Office of Access & Disability Resources, interpreting services may be discontinued. The student must meet with the Office of Access & Disability Resources to appeal suspension of services.
Eligibility & Documentation
Any person who has a documented disability, permanent or temporary, who is a student or prospective student at Saint Paul College, and who is qualified for educational programs is eligible for services. The College requires students with disabilities to submit documentation of their disability prior to receiving academic accommodations. The College requires that documentation:

- Clearly state the diagnosed disability or disabilities
- Describe the tests performed in making the diagnosis
- Describe the functional limitations resulting from the disability or disabilities
- Be current (contact Access & Disability Resources for more information)
- Describe the specific accommodation(s) requested
- Support each of the requested accommodations
- Be typed or printed on official letterhead and be signed by an evaluator qualified to make the diagnosis (contact Access & Disability Resources for more information).

Any documentation that fails to meet any of these criteria may not be sufficient to receive accommodations. Individualized Education Plans (IEP’s) are not sufficient documentation to receive accommodations at the higher education level. Students whose documentation is insufficient are invited to submit additional documentation at any time. The College is not responsible for providing accommodations to students who have not submitted adequate documentation.

GENERAL STUDENT POLICIES

Attendance

Students are expected to attend all classes and are responsible for all instruction and coursework. In an online or hybrid class, this includes log-in and engagement as outlined in the syllabus. In case of absence, it is the responsibility of the student to contact the faculty. Whenever possible, arrangements to make up work should be made in advance.

Saint Paul College recognizes the positive impact that consistent and thoughtful engagement has on student success, both in and out of the classroom. As a result, we as a community highly value attendance in our classes and programs.

- Subpart 1: Students who do not attend during the first five business days of the start of the course or who do not contact their instructor about their absence will be assigned a grade of FN (Failure for Non-attendance). Students registered for online classes who do not log in and actively participate in the course via D2L Brightspace by the seventh day of the course will receive a grade of FN (Failure for Non-Attendance).

A student who has received an FN grade and has been removed from class may request reentry into the class by contacting the faculty member. Readmission to the class is not guaranteed and is at the faculty member’s discretion through the second week of class; it is at the discretion of both faculty member and the Dean of the program after the second week of class. A student who is readmitted and does not meet the attendance requirements of the course should be again removed from the class through the FN process.

- Subpart 2: Students who stop attending prior to the withdraw deadline for the course but who do not officially withdraw from the course, are subject to being assigned a grade of FW (Failure due to Unofficial Withdraw).

- Subpart 3: Students should understand that some faculty consider attendance and participation when determining final grades, as outlined in the syllabus and course materials.

- Subpart 4: Saint Paul College recognizes that students may need to miss class for a variety of legitimate reasons including illness, bereavement, jury duty, and family emergencies. Students are expected to notify their instructors of legitimate absences as soon as possible, and students should work with their instructors to make up missed course work in a timely manner. While instructors may provide reasonable accommodations for a limited number of excused absences, students are ultimately responsible for making up work. Students who miss too many classes or fall too far behind in a course may not be able to pass the course even with legitimate excuses. Instructors have the discretion to determine whether accommodations are reasonable and whether students are able to make up work. Faculty are not obligated to provide instruction, make alternate arrangements nor accept late coursework from students who miss class for any reason unless related to Saint Paul College provided ADA or Title IX accommodations. Instructors typically indicate attendance and participation expectations on the course syllabus. If student absences are due to a chronic
illness or disability, students should consult with the Office of Access & Disability Resources about possible accommodations. Saint Paul College faculty uphold accommodations provided under the American with Disabilities Act and Title IX.

- Subpart 5: Saint Paul College recognizes the diversity of the beliefs and religions represented by our student body. The College will provide reasonable flexibility when religious observances occasionally conflict with academic obligations such as class attendance, activities, assignments, examinations and other course requirements.

Students must inform instructors of such conflicts in advance and in a timely manner. Students remain responsible for all class work and other academic obligations missed as a result of their absence as defined in the class syllabus.

**Children in the Classroom**

Children of employees or students, as well as other persons not enrolled in courses at the College, are not permitted in the classrooms, labs, or shops with the exception of College sponsored special events. Children are not to be left unattended on campus.

This information, also, will be posted on the College website under “Class Updates”, which is listed in the “About Us” section on the College Home Page.

Students are encouraged to dress as one would in the future place of employment.

Religious Observances
The College fully supports the principles of free expression and respect for the diversity of beliefs, including religious observances, among our academic community. It is the policy of the College to provide reasonable academic accommodations for students when sincerely held religious beliefs conflict with classroom activities or course requirements not disclosed in the course description. It is the responsibility of the student to inform the instructor in a timely fashion of such possible conflicts. If a mutually agreed upon academic accommodation is not possible, the student may initiate an appeal, in accordance with the Student Concern, Complaint, and Grievance Procedure.

Complaint and grievance procedures shall not substitute for other grievance procedures specific in board or College regulations or negotiated agreements. No retaliation of any kind shall be taken against a student for participation in a complaint or grievance. These procedures shall also protect data privacy rights.

**DEFINITIONS**

**Concern**
A concern is something that relates to, is of importance or interest to, or affects a student. If you have a concern, it is an informal method of communicating something to the school. Informal Student Complaint Resolution Procedure

You are encouraged to discuss your complaint with the employee involved first. Talking with the employee resolves more concerns than doing nothing about it. It is important that you attempt to resolve the complaint. Arrange a meeting with the appropriate individual(s) to discuss the complaint and desired remedy in an attempt to resolve the situation as soon as possible. Before you meet with the appropriate individual(s), you may want to prepare by having in writing, the nature of the compliant, a summary of the facts as you see them, and the remedy you are seeking. Most misunderstandings will be resolved at this first step by clarifying communications and expectations.

If you are not able to reach a satisfactory agreement directly with the employee, you may, no later than ten school days after the meeting with the employee, complete and submit the Complaint or Grievance form for it to be routed to the appropriate administrator or designee. The form is available online at saintpaul.edu/fileareport. The completed form will be reviewed and you will be contacted via email within 3 business days.

To resolve the complaint, the supervisor will discuss the situation with all appropriate individuals. If needed, a follow-up meeting will be scheduled in a timely manner.
Any student or group of students may present or discuss a complaint with the employee whose actions give rise to the complaint, and/or with the administrator to whom the employee reports. You may have a representative in attendance to observe any such discussion.

The supervisor will contact you with a response to your complaint and appeal information. If you feel that the response is still not appropriate or satisfactory, you may appeal the decision, in writing. The appeals will be heard by the supervising administrator or designee. The decision is final and binding. However, by Board policy, you may carry a complaint no further, unless a complaint falls within the definition of a grievance.

If you make a complaint about an employee to a supervising administrator, you should be aware that the employee may be informed that a complaint has been registered. This will be the case except when Minnesota statutes expressly allow for anonymity, e.g., initially for accusations of sexual harassment.

**STUDENT GRIEVANCE RESOLUTION PROCESS**

In order to have a right to the entire grievance process, a specific rule or regulation of the College or the system must be involved. If a violation involves a College rule or regulation, you may carry an official grievance through three steps if necessary:

1. To the employee being grieved
2. The supervisor of the employee being grieved
3. The supervisor’s supervisor - the decision is final and binding

No grievance shall be considered or processed unless it is submitted within thirty (30) working days after the first occurrence of the event giving rise to the grievance, or within thirty (30) days after you, through the use of reasonable diligence, should have obtained knowledge of the first occurrence of the event giving rise to the grievance.

In all instances that follow, the semester “days” does not include (1) Saturdays, (2) Sundays, (3) holidays, and (4) breaks in the academic year.

**Grievance Steps**

If a complaint that falls within the definition of a grievance is not satisfactorily resolved in the informal discussion and a minimum of five (5) days have elapsed since the complaint was presented, you may then file a grievance on the official Concern, Complaint, and Grievance form located online or the Administration Office. The grievance procedure would then begin at Step II.

**Step I**

1. Complete and submit the Concern, Complaint, or Grievance form for it to be routed to the appropriate administrator. The form is available online at saintpaul.edu/fileareport.
2. The written grievance shall set forth the nature of the grievance, the facts on which it is based, and the relief requested. If possible, witnesses’ statements and names should be included. The grievance must be written and signed by the student. The completed form will be reviewed and you will be contacted via email within 3 business days.

3. The grievance shall be discussed within ten (10) days with the student(s) and others involved at a time mutually agreeable to all parties. The meeting may be held in the presence of a student(s) witness if the student(s) filing the claim wishes, and an employee witness if the accused employee wishes.

4. The purpose of the meeting is to resolve the grievance. The supervisor will be responsible for making a decision within 5 business days of the meeting.

5. A copy of the decision shall be given to the employee, supervisor, and student(s).

6. If the student agreement requires further action, the responsible supervisor may schedule a meetings or discussions with the student(s) or the employee.

Step II

1. If the student is dissatisfied with the decision in Step I, they can file a written appeal to the supervisor’s supervisor, within five (5) days from the receipt of a written answer, appeal and present the grievance, in writing, to the Administration Office.

2. The completed form will be reviewed and you will be contacted via email within 3 business days. The grievance shall be discussed within ten (10) days with the student(s) and others involved at a time mutually agreeable to all parties. The meeting may be held in the presence of a student(s) witness if the student(s) filing the claim wishes, and an employee witness if the accused employee wishes. The time should be convenient to the student(s), the employee, and the administrator.

3. The administrator shall give a written answer to the student(s) within five (5) days.

4. If the student decision requires further action, the responsible supervisor may schedule a meetings or discussions with the student(s) or the employee.

5. If the grievance is based on an alleged violation of a College rule or regulation, the decision of the administrator shall be final and binding.

Time Limits

All time limits have been set at fifteen (15) days; however, the student initially has thirty days to initiate the grievance process. By mutual agreement of the student(s) and College personnel, time limits may be extended due to extenuating circumstances approved by the Vice President of Academic Affairs or Student Affairs. If a grievance is not presented within the established limits, it shall be considered as “waived.”
1. If a grievance is not appealed to the next step within the established time limits, it shall be considered settled on the basis of the last answer.

2. If, after presentation at any step, a College staff member does not discuss the grievance with the student(s) within the established time limits, the student(s) may treat the grievance as denied at that step and may appeal the grievance to the next step.

3. If, after discussion, a College staff member does not answer a grievance within the established time limits, the student(s) may treat the grievance as denied at that step and may appeal the grievance to the next step.

4. A copy of the written grievance and settlement should be filed with the Vice President of Student Affairs. If the grievance and settlement does not result in discipline of the employee, no record shall be maintained. Maintenance of records shall be in compliance with the employee contract.

The Conduct Hearing Process is used to review allegations of:

a. Code of Student Conduct, unless otherwise stated in the policy

b. College and Minnesota State Colleges and Universities policy violations

c. Academic Program Policy violations

A. Investigation & Conduct Hearing

1. Any member of the College community may file a written complaint alleging that a student or student organization has violated student conduct proscriptions. Any complaint should be submitted as soon as possible after the event takes place. Persons filing complaints shall be informed of their rights under the Minnesota Data Practices Act. Following the filing of a complaint against a student or student organization, the administrator shall conduct an investigation of the allegations.

2. If the complaint seems unwarranted, the administrator may discontinue proceedings.
3. If there is sufficient evidence to support the complaint, the administrator shall:
   a. Offer the accused student an opportunity to resolve the alleged violation at a conduct hearing.

4. Prior to this meeting, the student shall be given written notice of the specific complaint against the student and the nature of the evidence available to support the complaint and provided with a copy of the Code of Student Conduct.

5. During the meeting, the administrator shall review the complaint and the evidence with the student and allow the student to present a defense against the complaint. Within a reasonable time period following the meeting, the administrator shall inform the accused student in writing of the decision whether a violation of the code was established by a preponderance of evidence and any applicable sanction as well as options available for an appeal. The complainant shall receive notification consistent with state and federal privacy laws.

6. If the accused student fails to appear for the hearing, the administrator may proceed to review and act upon the complaint in the student’s absence and shall notify the student in writing of the action taken.

7. The administrator may assign sanctions for an outcome of “responsible”.
   a. The student may appeal the decision, in the time indicated in the outcome letter
      OR
   b. The student completes the sanctions.

8. In the case of appeal, sanctions may be delayed for the appeal to be processed. If the appeal is denied, sanctions from the original hearing will stand.

B. Sanctions

1. The following sanctions may be imposed upon any student found to have violated the Student Code:
   a. Warning - A notice in writing to the student that the student is violating or has violated institutional regulations.
   b. Probation - A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation(s) during the probationary period. The College may impose specific written conditions for the probation.
   c. Loss of Privileges - Denial of specified privileges for a designated period of time.
d. Restitution - Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.

   a. Those sanctions listed above;

   b. Loss of selected rights and privileges for a specified period of time;

   c. Deactivation. Loss of all privileges, including college recognition, for a specified period of time.

C. Summary Suspension

In certain circumstances, the administrator may impose a summary suspension prior to the informal or formal proceedings described in the previous articles. A summary suspension may be imposed only when, in the judgment of the administrator, the accused student’s presence on the college campus would constitute a threat to the safety and well-being of members of the campus community. To the greatest extent possible before implementing the summary suspension, the accused student shall be given oral or written notice of the intent to impose summary suspension and shall be given an opportunity to present oral or written arguments against the imposition of the suspension. However, the refusal of a student to accept or acknowledge this notice shall not prevent the implementation of a summary suspension. Notice of the summary suspension shall be provided in writing to the student. After the student has been summarily suspended, the student shall be provided an opportunity for a formal or informal hearing within the shortest reasonable time period, not to exceed nine (9) school or business days. During the summary suspension, the student may not enter the campus without obtaining prior permission from the administrator.
D. Appeals

1. A sanction imposed by the administrator may be appealed by the accused student(s) to the Dean of Student Success within five (5) school or business days of the notification of the decision. The deadline for appeal will be indicated in the outcome letter. Such appeals shall be in writing and shall be delivered to the administrator or designee.

2. Except as required to explain the basis of new information, an appeal shall be limited to a review for one or more of the following purposes:
   
   a. To determine whether the hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information, via the written report that the Student Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.

   b. To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish that a violation of the Student Code occurred.

   c. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.

3. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original informal or formal hearing.

4. If an appeal is upheld by the Dean of Student Success, the Dean may take any appropriate action. If an appeal is not upheld, the matter shall be considered final and binding upon all involved except that in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes, Chapter 14.

Interpretation & Revision

Any question of interpretation regarding the Code of Student Conduct shall be referred to the Dean of Student Success or the Director of Student Rights and Responsibilities for final determination.

The Code of Student Conduct shall be reviewed every 3 years under the direction of the Director of Student Rights and Responsibilities.
ACADEMIC INTEGRITY POLICY

Saint Paul College fosters the highest standards of academic integrity and the highest regard for truth and honesty. The attempt by students to present as their own any work not actually performed by them; collusion, fabrication and cheating on examinations, papers and other course-related work; stealing, duplicating or selling examinations; substituting for others in class discussions or examinations; producing other students’ papers or projects; knowingly furnishing false or misleading academic information on official College records are considered violations of academic integrity and destructive to the central mission of the College.

The primary academic mission of Saint Paul College is the exploration and dissemination of knowledge. Academic integrity and honesty are integral to the academic process. Academic dishonesty is a serious offense which undermines the education process and the learning experience for the entire College community.

It is expected that Saint Paul College students will understand and adhere to the concept of academic integrity and to the standards of conduct prescribed by the College’s Academic Integrity Policy. It is expected that each student will assume responsibility for one’s own work and that materials submitted in fulfillment of course, program, and College academic requirements must represent the student’s own efforts. Any act of academic dishonesty attempted by a student at the College is unacceptable and will not be tolerated.

Definitions. The prevailing forms of academic dishonesty are cheating, plagiarism, collusion, and the submission of false information. Academic integrity is not limited to the context of a course but can also occur during the admission or readmission process, assessment, and submission of academic and Enrollment Services appeals or petitions.

Cheating in the instructional setting is the unauthorized use or exchange of information by students for the purpose of meeting academic standards or requirements; examples include, but are not limited to, the following:

- Copying others’ work during an examination
- Using unauthorized notes or aids during an examination
- Taking an examination for another student
- Collaborating with any other person during a test without authority
- Using or giving unauthorized assistance on a take-home examination, assigned physical work, projects, or any other academic work
- Arranging for another student to take an examination
- Attempting to obtain, or knowingly obtaining, using, buying, selling, transporting, or soliciting in whole or in part, the contents of an unreleased test or information about an unreleased test
- Unauthorized supplying or bribing any other person to obtain an unreleased test or information about an unreleased test
• Submitting substantial portions of work for credit in more than one course, without consulting the instructors
• Submitting research and assignments prepared by others (e.g., purchasing the services of a commercial semester paper company)
• Altering or forging an official College document.

Plagiarism is representing another person’s words or ideas as one’s own without proper attribution or credit. Other people’s words or ideas must be given adequate documentation whether used in direct quotation or in summery or paraphrase.

Plagiarism includes, but is not limited to, quoting written or oral materials without citation on an exam, semester paper, homework, or other written materials or oral presentations for academic requirements; purchasing from a semester paper service and submitting as one’s own, downloading from the Internet or taking from any other source; or submitting anyone else’s work as one’s own. Any form of plagiarism constitutes a violation of academic integrity.

Collusion is an agreement by two or more people to commit an act of academic dishonesty. The College will not attempt to distinguish between students who cheat or plagiarize and those who assist in such actions. A student who assists another in the act of cheating or plagiarism is subject to disciplinary action for violation of academic integrity.

Submission of False Information includes false testimony, names, and addresses, as related to the admission process, readmission, assessment testing, and academic and enrollment appeals or petitions.

Academic Integrity Due Process Steps:

1. Sanctions for the first-time violation of the academic integrity policy are at the discretion of the instructor up to and including no credit for an assignment or assessment.
2. Notification of violation will be sent to the Director of Students Rights and Responsibilities who may impose additional sanctions.

Students who violate academic integrity shall, after due process, be subject to College sanctions that may include failure on assignments and examinations, failure in courses, and suspension or expulsion. Established Academic Integrity policies, procedures, and sanctions are communicated in classes and publications, such as this Student Handbook.

In the instances of supplying false information regarding the admission process, readmission, assessment testing and academic and enrollment appeals or petitions, the process shall revert to Section 1, The Code of Student Conduct.
Appeals. A student who wishes to appeal a penalty imposed by an instructor may submit a written appeal within five (5) working days to the Dean for the academic discipline in which the alleged act of dishonesty occurred. The Dean shall generally send written notice of the decision to the student within five (5) working days.

Upon receipt of the Dean’s decision, a student or instructor may submit a written appeal to the Vice President of Academic Affairs within five (5) working days. The Vice President shall generally send written notice of the decision within five working days. The decision of the Vice President of Academic Affairs is final.

COMPUTER USAGE POLICY

The College provides its students wide access to information resources and technologies. Technological resources at the College are shared by its users; misuse of these resources by some users infringes upon the opportunities of all the rest. The College makes its technology available for educational purposes and requires users to observe legal mandates whose aim is to safeguard equipment, networks, data and software that are acquired and maintained with public funds.

General Responsibilities

Computing resources (including, but not limited to: desktop and laptop systems, printers, central computing facilities, System-wide or college-wide networks, local-area networks, access to the Internet, electronic mail and similar electronic information) are available only to authorized users, and any use of those resources is subject to this policy. All users of the College computing resources (including students) are presumed to have read and understood this policy. This policy governs the use of computing resources at the College. Use of the College computing resources by the students is limited to the educational and research purposes.

Minnesota Statutes Chapter 609.87 through 609.896 - Computer Crime

Minnesota State Statues define acts and penalties for computer crimes including computer damage, computer theft, unauthorized computer access, criminal use of encryption, facilitating access to computer security systems, and criminal use of real property. The statutes also provide information on how to report violations.

Thus, the College computer systems are treated like other College equipment or resources, intended for educational purposes and other College-sanctioned activities. It is not the practice of the College to monitor the content of electronic mail transmissions, files, or other data maintained in its computing resources and the fileservers. The maintenance, operation and security of the College computing resources, however, require that network administrators and other authorized personnel have access to those resources and, on occasion, review the content of data and communications maintained there. A review may be performed exclusively by persons expressly authorized for such purpose and only for cause. To the extent possible in the electronic environment and in a public setting, a user’s privacy will be honored. Nevertheless, that privacy is subject to Minnesota State’s public records laws and other applicable state and federal laws, as well as policies of System
PROHIBITED STUDENT CONDUCT

Governing Board; all of which may supersede a user’s interests in maintaining privacy in information contained in the College's computing resources.

Additional information regarding Minnesota Statutes on Computer Crime is available at the following website: www.revisor.leg.state.mn.us/statutes/?id=609&view=chapter#stat.609.87

Computer Access & Security
In addition to Minnesota Statutes, there are also state and federal wiretap laws and various anti-fraud provisions that apply to activities on computer and network systems.

Frequently, access to the College computing resources can be obtained only through the use of a password known exclusively to the user. It is the responsibility of the user to keep a password confidential. While the College takes reasonable measures to ensure network and data security, it cannot be held accountable for unauthorized access to its computing resources by other users and hackers, both within and outside college. Moreover, it cannot guarantee users protection against data loss due to system failure, fire, etc.

Prohibited Conduct
Prohibited conduct in the use of College computing resources includes (but not limited to) the following:

1. Posting to the network, downloading or transporting any material that would constitute a violation of the College or Minnesota State Colleges & Universities system computing policies.

2. Unauthorized attempts to monitor another user’s password protected data or electronic communication, or delete another user's password protected data, electronic communications or software, without that person’s permission.

3. Installing or running on any system a program or virus that is intended to or is likely to result in eventual damage to the computer system including fileserver, personal computer, network software or hardware.

4. Performing acts that would unfairly monopolize computing resources to the exclusion of other users, including (but not limited to) unauthorized installation of server system software or non-job/non-work related use of Internet.

5. Hosting a personal website through the use of the College computing resources without proper authorization.

6. Use of computing resources for non-College commercial purposes.

7. Use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally recognized protection of intellectual property rights.

8. Activities that would constitute a violation of any policy of the System's
PROHIBITED STUDENT CONDUCT

Governing Board, including (but not limited to) the System’s non-discrimination policy and its policy against sexual harassment.

9. Transmitting, storing, or receiving data, or otherwise using computing resources in a manner that would constitute a violation of state or federal law, including (but not limited to) obscenity, defamation, threats, harassment, and theft.

10. Attempting to gain unauthorized access to a remote network or remote computer system.

11. Exploiting any computing resources system by attempting to prevent or circumvent access, or using unauthorized data protection schemes.

12. Performing any act that would disrupt normal operations of computers, workstations, terminals, peripherals, or networks.

13. Using computing resources in such a way as to wrongfully hide the identity of the user or pose as another person.

14. Attempting to gain access to any type of private records (i.e., student, personnel, medical) or attempting to change data or software without proper authorization.

15. An individual may not send electronic messages to individuals who have explicitly asked the sender not to send electronic messages.

Sanctions for Misconduct
The College will take all violations of the Computer Usage Policy seriously. Any violation of this policy by the students will be reported promptly to the Director of Students Rights and Responsibilities and will be subject to appropriate sanctions provided under the College’s student conduct code.

In addition to sanctions under appropriate student conduct code, anyone who violates the College guidelines may be subject to any or all of the following sanctions, depending on the nature and the seriousness of the violation:

- Fines to replace or restore damage to hardware or software and/or to compensate staff required to carry out repair;
- Loss of computer and network system access;
- Civil proceedings; and/or
- Criminal prosecution.

The College staff will report any violation to this policy to the proper authorities including, but not limited to, Minnesota State Colleges & Universities system office, local and state police, the State Attorney General’s Office, and/or federal law enforcement (FBI or Secret Service).

The College reserves the right to suspend the accounts and inspect files and data of any student suspected of misconduct pending the outcome of an investigation. Data and files may be turned over to the appropriate authorities, if instructed to do so.
In addition to the above Computer Usage Policy, the students are bound by Minnesota State System Policy 5.22 Acceptable Use of Computers and Information Technology Resources (www.minnstate.edu/board/policy/522.html) and Procedure 5.22.1, Acceptable Use of Computers and Information Technology Resources (www.minnstate.edu/board/procedure/522p1.html).

COPYRIGHT INFRINGEMENT POLICIES & SANCTION NOTICE

Downloading and distributing copyrighted material, including through peer-to-peer (P2P) file sharing, without the permission of the copyright owner is against the law. Illegal downloading or distribution of copyrighted material can result in you being prosecuted in criminal court and/or sued for the damages in the civil court. Criminal penalties for first time offenders can be as high as five years in prison and $250,000 in fines. If sued in civil court, you may be responsible for monetary damages, attorneys’ fees, and civil penalties up to $150,000 per work distributed. Use of College resources for unauthorized distribution of copyrighted material is forbidden.

The College prohibits illegal copyright infringement through its “Acceptable Use of Computers and Information Technology Resources” policy (www.minnstate.edu/board/procedure/522p1.html) and in its student conduct code (saintpaul.edu/currentstudents/pages/code-of-student-conduct.aspx). Disciplinary action, including loss of use of the College information technology systems up to and including expulsion from the College could result from violations of this policy.

Additional information regarding copyright law is available at the following website: www.copyright.gov/title17.

DRUG & ALCOHOL-FREE CAMPUS

Saint Paul College adheres to the Federal Drug-Free Schools Act of 1989. The College prohibits the use of illicit drugs and alcohol on campus. However, the College also recognizes the reality of drug and alcohol abuse and dependency. The College will take steps to educate its community regarding the health risks associated with alcohol and drug abuse. Appropriate referral to counseling and health agencies will be made for individuals as needed. As needed, you are encouraged to seek assistance with chemical dependency. For information, please contact the Counseling Center at 651.846.1383.

The standards of conduct at Saint Paul College clearly prohibit the unlawful possession, use, or distribution of alcohol and drugs by students on the College premises, or in conjunction with any College-sponsored activity or event, whether on or off campus.

The College will impose sanctions on students who violate this policy. Disciplinary action may include a written reprimand, suspension or dismissal, and referral for prosecution under local, state, and federal law. Rehabilitation may become a condition of continuing association with the College.
Standards of conduct, as outlined below, apply to all students and student employees at the College.

Drug and Alcohol-Free Campus: According to the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) and Minnesota Statute 152 (Prohibited Drugs, 340A Liquor Act and 624.71 Liquors in Certain Buildings or Grounds), Saint Paul College prohibits the use of illicit drugs and the abuse of alcohol by its students and employees.

No student or student employee shall manufacture, sell, give away, barter, deliver, exchange, or distribute; or possess with the intent to manufacture, sell, give away, barter, deliver, exchange, or distribute a controlled substance or drug paraphernalia as defined in Minnesota Statute 152, (1) while on campus, or (2) while involved in a College activity, service, project, program, or work situation off campus.

No student or employee shall possess a controlled substance, except when the possession is for that person’s own use, and is authorized by law, (1) while on campus, or (2) while involved in a College activity, on or off campus, service, project, program, or work situation off campus.

Except as allowed by Minnesota Statute 624.701, no student or employee shall introduce upon, or have possession upon, any college campus, or while involved in a College activity, service, project, program, or work situation, any alcoholic beverage as defined in Minnesota Statute 340A.101.

Student employees working on federal grants or contracts who are convicted of a criminal drug statute violation occurring in the workplace are required to inform the principal campus administrator of this fact within five calendar days of the conviction.

The College will notify the federal government within ten days after receiving notice of an employee being convicted of a criminal drug statute violation occurring in the workplace.

No employee shall report to work, and no student shall report to campus, while under the influence of (1) alcohol or (2) a controlled substance, except as prescribed by a physician, which affects alertness, coordination, reaction, response, judgment, decision making, or safety.

Note: Although the Minnesota Medical Cannabis Law and program allows seriously ill Minnesotans to use medical marijuana to treat certain conditions, the possession and use of marijuana remains illegal under federal law, including the Drug-Free Schools and Communities Act, the Controlled Substances Act, and the Campus Security Act, and Board Policy 5.18 Alcoholic Beverages or Controlled Substances on Campus. Therefore, the use, possession, production, manufacture, and distribution of marijuana continues to be prohibited while a student is on college owned or controlled property or any function authorized or controlled by the college.
Sanctions: Administrative and legal sanctions, up to and including expulsion and referral for prosecution, will be imposed on students who violate the preceding standards of conduct. Administrative and legal sanctions, consistent with existing contracts, up to and including termination of employment and referral for prosecution, will be imposed on employees who violate the preceding standards of conduct. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

Part 1. Policy Statement

Saint Paul College – A Community & Technical College (the College) is committed to a policy of equal opportunity and nondiscrimination in employment and education. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in, programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, or gender expression. In addition, discrimination in employment based on membership or activity in a local commission as defined by law, is prohibited.

Harassment on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, or gender expression is prohibited. Harassment may occur in a variety of relationships, including faculty and student, supervisor and employee, student and student, staff and student, employee and employee, and other relationships with persons having business at, or visiting the educational or working environment.

This policy is directed at verbal or physical conduct that constitutes discrimination/harassment under state and federal law and is not directed at the content of speech. In cases in which verbal statements and other forms of expression are involved, the college will give due consideration to an individual’s constitutionally protected right to free speech and academic freedom. However, discrimination and harassment are not within the protections of academic freedom or free speech. The College shall maintain and encourage full freedom, within the law, of expression, inquiry, teaching and research. Academic freedom comes with a responsibility that all members of our education community benefit from it without intimidation, exploitation or coercion.

This policy shall apply to all individuals affiliated with the College, including but not limited to, its students, employees, applicants, volunteers, and agents, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation or reprisal. Individuals who violate this policy shall be subject to disciplinary or other corrective action.

Part 2. Definitions

Subpart A. Consensual Relationship. A sexual or romantic relationship between two persons who voluntarily enter into such a relationship. Employees who are members of the same household should also refer to the Board of Trustees Nepotism policy 4.10.
DISCRIMINATION & HARASSMENT POLICIES

Subpart B. Discrimination. Discrimination is defined as conduct that is directed at an individual because of one's protected class and that subjects the individual to different treatment by agents or employees so as to interfere with or limit the ability of the individual to participate in, or benefit from, the services, activities, or privileges provided by the system or college or otherwise adversely affects the individual's employment or education.

Subpart C. Discriminatory Harassment. Discriminatory harassment is defined as verbal or physical conduct that is directed at an individual because of one's protected class, and that is sufficiently severe, pervasive, or persistent so as to have the purpose or effect of creating a hostile work or educational environment. As required by law, the College has further defined sexual harassment as a form of sexual discrimination which is prohibited by state and federal law. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a semester or condition of an individual's employment or education, evaluation of a student's academic performance, or semester or condition of participation in student activities or in other events or activities sanctioned by the college; or

2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions or other decisions about participation in student activities or other events or activities sanctioned by the College; or

3. Such conduct has the purpose and effect of threatening an individual's employment; interfering with an individual's work or academic performance; or creating an intimidating, hostile, or offensive work or educational environment.

Subpart D. Employee. Any individual employed by the College, including all faculty, staff, administrators, and student employees.

Subpart E. Protected Class. For purposes of this policy:

1. Protected class includes race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance or sexual orientation, gender identity, or gender expression. In addition, membership or activity in a local human rights commission is a protected class in employment.

2. This policy prohibits use of protected class status as a factor in decisions affecting education and employment where prohibited by federal or state law.
Subpart F. Retaliation. Retaliation includes, but is not limited to, intentionally engaging in any form of intimidation, reprisal or harassment against an individual because the individual

a. Made a complaint under this policy;

b. Assisted or participated in any manner in an investigation, or process under this policy, regardless of whether a claim of discrimination or harassment is substantiated;

c. Associated with a person or group of persons who are disabled or are of a different race, color, creed, religion, sexual orientation. Gender identity, gender expression, or national origin;

d. Made a complaint or assisted or participated in any manner in an investigation or process with the Equal Employment Opportunity Commission, the U.S.

Department of Education Office for Civil Rights, the Minnesota Department of Human Rights or other enforcement agencies, under any federal or state nondiscrimination law, including the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; the Minnesota Human Rights Act, Minn. Stat. Ch. 363A, and their amendments.

Retaliation may occur whether or not there is a power or authority differential between the individuals involved.

Subpart G. Sexual Harassment & Violence as Sexual Abuse. Under certain circumstances, sexual harassment or violence may constitute sexual abuse according to Minnesota law. In such situations, the College shall comply with the reporting requirements in Minnesota Statutes Section 626.556 (reporting of maltreatment of minors) and Minnesota Statutes Section 626.557 (Vulnerable Adult Protection Act).

Nothing in this policy will prohibit the college from taking immediate action to protect victims of alleged sexual abuse. Saint Paul College Policy 1.08.00 Sexual Violence Policy and Board Policy 1B.3 Sexual Violence address sexual violence.

Subpart H. Student. For purposes of this policy, the semester “Student” includes all persons who:

1. Are enrolled in one or more courses, either credit or non-credit, through the College;

2. Withdraw, transfer or graduate, after an alleged violation of the student conduct code;

3. Are not officially enrolled for a particular semester but who have a continuing relationship with the College; or

4. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid.
Part 3. Consensual Relationships

An employee of the College shall not enter into a consensual relationship with a student or an employee over whom the employee exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence. In the event a relationship already exists, the college shall develop a procedure to reassign evaluative authority as may be possible to avoid violations of this policy. This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a family or household member where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

Part 4. Retaliation

Retaliation as defined in this policy is prohibited. Any individual subject to this policy who intentionally engages in retaliation shall be subject to disciplinary or other corrective action as appropriate.

REPORT/COMPLAINT OF DISCRIMINATION/HARASSMENT INVESTIGATION & RESOLUTION PROCEDURE

This policy is governed by the Minnesota State Board Policy 1B.1.1 which can be found at: www.minnstate.edu/board/policy/index.html

Part 1. Purpose & Applicability

Subpart A. Purpose. This procedure is designed to further implement Saint Paul College - A Community & Technical College (the College) Policy 01.06.00 (Minnesota State Board Policy 1B1) by providing a process through which individuals alleging violation of College Policy 01.06.00 (Minnesota State Board Policy 1B.1) Equal Opportunity and Nondiscrimination in Employment and Education may pursue a complaint. This includes allegations of retaliation, or discrimination or harassment based on sex, race, age, disability, color, creed, national origin, religion, sexual orientation, gender identity, gender expression, marital status, or status with regard to public assistance. In addition, discrimination in employment based on membership or activity in a local commission as defined by law is prohibited.

Subpart B. Applicability. This procedure shall apply to all individuals affiliated with the College, including its students, employees, and applicants for employment, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation/reprisal. Individuals who violate this procedure shall be subject to disciplinary or other corrective action.
A single act of discrimination or harassment may be based on more than one
protected class status. For example, discrimination based on antisemitism may
relate to religion, national origin, or both; discrimination against a pregnant
woman might be based on sex, marital status, or both; discrimination against a
transgender or transsexual individual might be based on sex or sexual orientation,
gender identity, or gender expression.

Not every act that may be offensive to an individual or group constitutes
discrimination or harassment. Harassment includes action beyond the mere
expression of views, words, symbols or thoughts that another individual finds
offensive. To constitute a violation of College Policy 01.06.00 (Minnesota State
Board Policy 1B.1), conduct must be considered sufficiently serious to deny or
limit a student’s or employee’s ability to participate in or benefit from the services,
activities, or privileges provided by the College.

**Subpart C. Scope.** In addition, harassment and discrimination complaints not arising
from alleged violations of College Policy 1.06.00 (Minnesota State Board Policy 1B.1),
are to be addressed under other appropriate policies and established practices.

**Part 2. Definitions**
The definitions in Saint Paul College Policy 01.06.00 (Minnesota State Board Policy
1B.1) also apply to this procedure.

**Subpart A. Designated Officer.** Designated officer means an individual
designated by the president or chancellor to be primarily responsible for
conducting an initial inquiry, determining whether to proceed with an investigation
under this procedure, and investigating or coordinating the investigation of reports
and complaints of discrimination/harassment in accordance with this procedure.

Prior to serving as the designated officer, the individual must complete investigator
training provided by the Office of the Chancellor.

The Designated Officer at the College is Mike Gerold, Director of Student
Rights and Responsibilities, Title IX Coordinator, 651.846.1327
michael.gerold@saintpaul.edu.

**Subpart B. Decision Maker.** Decision maker means a high level administrator
designated by the president or chancellor to review investigative reports, to make
findings whether College Policy 01.06.00 (Minnesota State Board Policy 1B.1) has
been violated based upon the investigation, and to determine the appropriate
action for the institution to take based upon the findings.

Prior to serving as a decision maker for complaints under this procedure,
administrators must complete decision maker training provided by the Minnesota
State system office.

**Subpart C. Retaliation.** Minnesota State Board Policy Retaliation is as defined in
College Policy 01.06.00 (Minnesota State Board Policy 1B.1) Equal Opportunity
and Nondiscrimination in Employment and Education Policy.
Part 3. Consensual Relationships

College Policy 01.06.00 (Minnesota State Board Policy 1B.1) Equal Opportunity and Nondiscrimination in Employment and Education prohibits consensual relationships between an employee and a student or another employee over whom the employee exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence, whether or not both parties appear to have consented to the relationship, except as noted.

Examples of prohibited consensual relationships include, but are not limited to:

- An employee and a student if the employee is in a position to evaluate or otherwise significantly influence the student’s education, employment, or any other college activity (employee includes, for example, graduate assistants, administrators, advisors, program directors, counselors and);
- A faculty member and a student who is enrolled in the faculty member’s course, who is an advisee of the faculty member, or whose academic work is supervised or evaluated by the faculty member; and
- A supervisor and an employee under the person’s supervision.

A faculty member or other employee is prohibited from undertaking a romantic or sexual relationship or permitting one to develop with a student or supervisee who is enrolled in the person’s class or is subject to that person’s supervision or evaluation.

If a consensual, romantic or sexual relationship exists between an employee and another individual and subsequent event creates a supervisor/supervisee, faculty/student or similar relationship between them, the person with evaluative or supervisory authority is required to report the relationship to one’s supervisor so that evaluative functions can be reassigned if possible.

This procedure does not cover consensual relationships between individuals that do not require one to exercise direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence over the other.

This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a person with whom they have a consensual relationship where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

Part 4. Reporting Incidents of Discrimination/Harassment

Subpart A. Reporting an Incident. Any individual who believes one has been or is being subjected to conduct prohibited by College Policy 01.06.00 (Minnesota State Board Policy 1B.1) is encouraged to report the incident to the designated officer. The report/complaint should be brought as soon as possible after an incident occurs.
Any student, faculty member or employee who knows of, receives information about or receives a complaint of discrimination/harassment is strongly encouraged to report the information or complaint to the designated officer of the College or Minnesota State system office.

A report may be filed on-line at: saintpaul.edu/fileareport

To file a report in person, you can speak with the designated officers at Saint Paul College:

Dean of Student Success: Administration Office - 651.846.1333

The Designated Officer at the College is Mike Gerold, Director of Student Rights and Responsibilities, Title IX Coordinator, 651.846.1327
michael.gerold@saintpaul.edu.

Department of Public Safety – 651.846.1322 – psafety@saintpaul.edu

Confidential Reporting
Ramsey County SOS Sexual Violence Services – 651.266.1000

Subpart B. Duty to Report. Administrators and supervisors shall refer allegations of conduct that they reasonably believe may constitute discrimination or harassment under Saint Paul College Policy 01.06.00 (Board Policy 1B.1) to the designated officer or in consultation with the designated officer may inquire into and resolve such matters.

Subpart C. Reports Against a President. A report/complaint against a president of a college shall be filed with the Minnesota State system office. However, complaints against a president shall be processed by the College if the president’s role in the alleged incident was limited to a decision on a recommendation made by another administrator, such as tenure, promotion or non-renewal, and the president had no other substantial involvement in the matter.

Subpart D. Reports Against Minnesota State System Office Employees or Board of Trustees. For reports/complaints that involve allegations against Minnesota State system employees, the responsibilities identified in this procedure as those of the president are the responsibilities of the chancellor. Reports/complaints that involve allegations against the chancellor or a member of the Board of Trustees shall be referred to the chair or vice chair of the Board for processing. Such reports/complaints may be assigned to appropriate system personnel or outside investigatory assistance may be designated.

Subpart E. False Statements Prohibited. Any individual who is determined to have provided false information in filing a discrimination report/complaint or during the investigation of such a report/complaint may be subject to disciplinary or corrective action.
Subpart F. Withdrawn Complaints. If a complainant no longer desires to pursue a complaint, the system office and the College reserve the right to investigate and take appropriate action.

Part 5. Right to Representation.
In accordance with federal law and applicable collective bargaining agreement and personnel plan language, represented employees may have the right to request and receive union representation during an investigatory meeting.

Nothing in this procedure is intended to expand, diminish or alter in any manner whatsoever any right or remedy available under a collective bargaining agreement, personnel plan or law. Any disciplinary action imposed as a result of an investigation conducted under this procedure will be processed in accordance with the applicable collective bargaining agreement or personnel plan.

The College or Minnesota State system office has an affirmative duty to take timely and appropriate action to stop behavior prohibited by College Policy 01.06.00 (Minnesota State Board Policy 1B.1), conduct investigations and take appropriate action to prevent recurring misconduct.

Subpart A. Personal Resolution. This procedure neither prevents nor requires the use of informal resolution by an individual who believes the individual has been subject to conduct in violation of College Policy 01.06.00 (Minnesota State Board Policy 1B.1). In such a situation, the individual should clearly explain to the alleged offender as soon as possible after the incident that the behavior is objectionable and must stop. If the behavior does not stop or if the individual believes retaliation may result from the discussion, the individual should report to the designated officer. Under no circumstance shall an individual be required to use personal resolution to address prohibited behaviors.

Subpart B. Information Privacy. Confidentiality of information obtained during an investigation cannot be guaranteed; such information, however, will be handled in accordance with applicable federal and state data privacy laws.

Subpart C. Processing the Complaint. The designated officer must be contacted in order to initiate a report/complaint under this procedure. The scope of the process used in each complaint/report shall be determined by the designated officer based on the complexity of the allegations, the number and relationship of individuals involved, and other pertinent factors.

1. Jurisdiction. The designated officer shall determine whether the report/complaint is one which should be processed through another system office or college procedure available to the complainant; if appropriate, the designated officer shall direct the complainant to that procedure as soon as possible.
2. Conflicts. Subpart B. Effect of Review. For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective action taken as a result of the decision shall be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

Subpart C. Appeal Process. The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant’s and respondent’s administrative remedies under this procedure except as provided herein.

SEXUAL VIOLENCE

Part 1. Policy statement

Sexual violence is an intolerable intrusion into the most personal and private rights of an individual, and is prohibited at Minnesota State Colleges and Universities. Minnesota State is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of criminal or civil law or of other Board Policies that may require separate proceedings. To further its commitment against sexual violence, Minnesota State provides reporting options, an investigative and disciplinary process, prevention training, and other related services as appropriate.

Subpart A. Application of policy to students, employees, Board of Trustees and others. This policy applies to all Minnesota State students and employees, Board of Trustees and to others, as appropriate, where incidents of sexual violence on system property have been reported. Reports of sexual violence committed by a student at a location other than on system property are covered by this policy pursuant to the factors listed in Board Policy 3.6.

Part 2. Reports of sexual violence committed by a system employee at a location other than system property are covered by this policy.

Reports of sexual violence committed on system property by individuals who are not students or employees are subject to appropriate actions by Minnesota State, including but not limited to pursuing criminal or civil action against them. Allegations of discrimination or harassment are governed by Board Policy 1B.1.

Subpart B. College and university policies. Each Minnesota State college and university shall adopt a clear, understandable written policy on sexual violence that applies to its campus community, including but not limited to its students and employees. The policy content and implementation must be consistent with the standards in this policy and System Procedure 1B.3.1.

Part 3. Definitions

The following definitions apply to this policy and System Procedure 1B.3.1.

Affirmative consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage
in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent.

Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

**Dating, intimate partner, and relationship violence**
Violence including physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota law.

**Employee**
Any individual employed by Minnesota State, its colleges and universities and system office, including student workers.

**Non-forcible sex acts**
Non-forcible acts include unlawful sexual acts where consent is not relevant, such as sexual contact with an individual under the statutory age of consent, as defined by Minnesota law, or between persons who are related to each other within degrees wherein marriage is prohibited by law.

**Sexual assault**
An actual, attempted, or threatened sexual act with another person without that person’s affirmative consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student codes of conduct and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as date rape or acquaintance rape. This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.

3. Intentional and unwelcome touching of a person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast); or coercing, forcing, or attempting to coerce or force another to touch a person’s intimate parts.

4. Offensive sexual behavior directed at another, such as indecent exposure or voyeurism.

**Sexual violence**
A continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual violence.

**Stalking**
Conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause reasonable people to fear for their safety or the safety of others or to suffer substantial emotional distress.

**Student**
All persons who:

1. Are enrolled in one or more courses, either credit or non-credit, through a college or university; or

2. Withdraw, transfer, or graduate after an alleged violation of the code of student conduct; or

3. Are not officially enrolled for a particular term but who have a continuing relationship with the college or university; or

4. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid; or

5. Are not college or university employees and are not enrolled in the institution but live in a college or university residence hall.

**System property**
The facilities and land owned, leased, or under the primary control of Minnesota State, its Board of Trustees, system office, colleges, and universities.

**SEXUAL VIOLENCE PROCEDURE**
This policy is governed by the Minnesota State Board Policy 1B.3.1 which can be found at: [www.minnstate.edu/board/policy/index.html](http://www.minnstate.edu/board/policy/index.html)

However, campus security authorities shall not disclose personally identifiable information about a complainant of sexual violence without the complainant’s consent except as may be required or permitted by law. There may be instances in which the college or the system office determines it needs to act regardless of whether the parties have reached a personal resolution or if the complainant requests that no action be taken. In such instances, the College will investigate and take appropriate action, taking care to protect the identity of the complainant and any other reporter in accordance with this procedure.

Distribution may be accomplished by posting on an Internet or Intranet Web site, provided all employees are directly notified of the exact address of the policy and procedure and that they may receive a paper copy upon request.

Subpart C. Required Notice

1. Notice of complainant options. Following a report of sexual violence, the complainant must be promptly notified of:
   a. Where and how to obtain immediate medical assistance; complainants should be informed that timely reporting and a medical examination within 72 hours are critical in preserving evidence of sexual assault and proving a criminal or civil case against a perpetrator. Complainants should be told, however, that they may report incidents of sexual violence at any time.
   b. Where and how to report incidents of sexual violence to local law enforcement officials, and/or appropriate college, or system contacts for employees, students and others. Such contacts should be identified by name, location and phone number for 24-hour availability, as applicable.
   c. Resources for where and how complainants may obtain on or off campus counseling, mental health or other support services.

2. Notice of complainant rights. Complainants must be notified of the following:
   a. Their right to file criminal charges with local law enforcement officials in sexual assault cases;
   b. Rights under the crime victims bill of rights, Minnesota Statutes Sections 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety;

g. Upon the request of the complainant, providing students who reported sexual assaults to the college and subsequently chose to transfer to another postsecondary college or university with information about resources for victims of sexual assault at the college or university to which the victim is transferring.

Part 6. Investigation & Disciplinary Procedures

Subpart A. Immediate Action. The College may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated College Policy 01.08.00 (Minnesota State Board Policy 1B.3), in accordance with the procedures in College Procedure 01.06.00.1 (Minnesota State System Procedure 1B.1.1). Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

The College may summarily suspend or take other temporary measures against a student alleged to have committed a violation of College Policy 01.08.00 (Minnesota State Board Policy 1B.3), in accordance with College Procedure 01.06.00.01 (Minnesota State System Procedure 1B.1.1 or Board Policy 3.6).

Subpart B. General Principles. The College shall use College Procedure 01.06.00.1 (Minnesota State System Procedure 1B.1.1) Report/Complaint of Discrimination/Harassment Investigations and Resolution when investigating complaints of sexual violence. Procedures used in response to a complaint of sexual violence should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization.

College investigation and disciplinary procedures concerning allegations of sexual violence against employees or students must:

1. Be respectful of the needs and rights of individuals involved and treat them with dignity;

2. Not suggest to the victim that the victim was at fault for the sexual assault or should have behaved differently to prevent the assault;
3. Proceed as promptly as possible;
4. Permit a student complainant and a student respondent to have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law;
5. Employees shall have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan;
6. Be conducted in accordance with applicable due process standards and privacy laws;
7. Simultaneously inform both the complainant and respondent of the outcome in a timely manner, as permitted by applicable privacy law;
8. Be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure or code has been violated.

The past sexual history of the complainant and respondent must be deemed irrelevant except as that history may directly relate to the incident being considered.

A respondent’s use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Subpart C. Relationship to Parallel Proceedings. In general, College and system office investigation and disciplinary procedures for allegations of sexual violence will proceed independent of any action taken in criminal or civil courts. The College need not, and in most cases should not, delay its proceedings while a parallel legal action is on-going. If the College is aware of a criminal proceeding involving the alleged incident, they may contact the prosecuting authority to coordinate when feasible. Criminal or civil court proceedings are not a substitute for College and system office procedures.

Subpart D. Memorandum of Understanding with Local Law Enforcement. Saint Paul College and local and county law enforcement agencies work as part of a sexual assault protocol team to facilitate effective cooperation and collaboration between the College and law enforcement.

Subpart E. False Statements Prohibited. The College, and the system office take allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence or during the investigation of such a complaint or report may be subject to discipline or under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.
**Subpart F. Withdrawn Complaint.** If a complainant no longer desires to pursue a complaint through the College’s proceeding, the College reserves the right to investigate and resolve the complaint as it deems appropriate.

**Subpart G. Discretion to Pursue Certain Allegations.** The College reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of the College.

**Subpart H. Sanctions.** Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, expulsion of students or termination from employment. The appropriate sanction will be determined on a case-by-case basis taking into account the severity of the conduct, the student’s or employee’s previous disciplinary history, and other factors as appropriate.

Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by the college for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

**Subpart J. Retaliation Prohibited.** Actions by a student or employee intended as retaliation, reprisal or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

**Part 7. Sexual Violence Prevention & Education**

**Subpart A. Campus-Wide Training.** Saint Paul College shall:

1. Provide training on awareness of sexual violence prevention measures and procedures for responding to incidents of sexual violence. At a minimum, all incoming students and all new employees must be provided this training.

2. Emphasize in their educational programs the importance of preserving evidence for proof of a criminal offense, safe and positive options for bystander intervention, and information on risk reduction to recognize warning signs of abusive behavior and risk associated with the perpetration of sexual violence.

**Subpart B. Other Training & Education.** Saint Paul College and affiliated student organizations may also develop educational programs, brochures, posters and other means of information to decrease the incidence of sexual violence and advise individuals of the legal and other options available if they are the complainants of an incident or they learn of such an incident.

**Subpart C. Training for Individuals Charged with Decision Making Authority.** Prior to serving as either an investigator or decision maker for complaints under this procedure, administrators shall complete investigator or decision-maker
training provided by the system office.

Investigators/decision-makers, campus security officers, and anyone else involved in the adjudication process must receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Data that is collected, created, received, maintained or disseminated about incidents of sexual violence will be handled in accordance with the privacy requirements of the Minnesota Statutes Chapter 13 (Minnesota Government Data Practices Act), and other applicable laws.

Information on reports of incidents of sexual violence that are made to Campus Security Authorities must be documented in accordance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, codified at 20 U.S.C. § 1092 (f). Such information will be used to report campus crime statistics on college campuses as required by the Act.

The College shall annually report statistics on sexual assaults to the Minnesota Office of Higher Education. Additionally, the report must be published on the college website in accordance with state law.

During and upon the completion of the complaint process, the complaint file must be maintained in a secure location. Access to complaint file information, including information stored electronically, must be in accordance with the applicable collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act and other applicable law and policy.

POLICY STATEMENT

Saint Paul College—A Community & Technical College complies with federal and state laws that protect the privacy of student records, including the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, 34 CFR 99; and the Minnesota Government Data Practices Act (MGDPA) Minn. Stat. Ch 13 Minn Rules Ch 1205; and other applicable laws and regulations concerning the handling of education records. Students enrolled in the college are required to supply information necessary for services to be rendered. Although students are not legally required to provide the requested data, all requested information is essential to college processes and services. Refusing to supply requested information may result in the denial of admission to a program, registration or other services.

The College gives assurance that student information will be safeguarded against improper disclosure as indicated in this policy. To implement the state and federal law, the College has established a policy that affords students certain rights with respect to their educational records.

Definitions:

Student: A student is an individual who has either applied for enrollment, who is currently enrolled, or has been formerly enrolled at Saint Paul College. A student is an individual receiving educational services by any method. All students have the same rights regarding their educational data.

Educational Data: Educational data are those records directly related to a student and maintained by Saint Paul College. Educational data includes, but are not limited to admissions materials, financial aid records, transcripts, class lists, class schedules, graded exams or papers, records of disciplinary procedures, work student records and much more. Certain information is exempted from the definition of “educational data” including:

1. Records of instructional personnel that are kept in the sole possession of the maker and are not accessible or revealed to any other individual except a temporary substitute for the maker and are destroyed at the end of the school year.
2. Law enforcement unit records—not shared with school officials and maintained for law enforcement purpose
3. Medical and psychological treatment records that are maintained solely by the treating professional for treatment purposes
4. Records that only contain information about a student after that individual is no longer a student at that institution (alumni data)
School Officials with a Legitimate Educational Interest
A school official is a person employed by Saint Paul College in an administrative, supervisory, and academic or support staff position. A person or company with whom Saint Paul College has contracted; a person serving on the Board of the Trustees or in the Office of the Chancellor, a student serving on an official college committee, a consultant, a college public safety officer acting in a health or safety emergency, or a person assisting another school official in performing one’s tasks. A school official has a legitimate educational interest if the official needs to review educational data in order to fulfill one’s professional responsibility.

Student Rights under FERPA & MGDPA

1. A student has a right to inspect and review one’s educational records. Requests should be made in writing to the Registrar. Saint Paul College will provide access to view educational records within ten days of the student’s request. A student requesting a copy of her or her education records will be assessed the cost.

2. A student has a right to consent to disclosures of information, which identify the student personally, except to the extent that these disclosures are allowed without student consent under state and federal law.

3. A student has the right to request that the Registrar correct educational data, which one believes to be inaccurate or misleading. The student should appeal to the Registrar and clearly identify the part of the record they want changed as well as why the record is inaccurate or misleading. Note: The right to challenge a grade does not apply under this policy unless the grade assigned was allegedly inaccurately recorded. Students will be notified of their FERPA and MGPDA rights through publications of the policy on the college website and in the Catalog.

4. A student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by Saint Paul College to comply with the requirements of FERPA. Students desiring to file a complaint should address the complaint to:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue SW
   Washington, DC 20202-5901
Consent for Release
Saint Paul College will not permit access to or the release of personally identifiable information contained in student educational data without the written consent of the student to any third party (including parent/guardian, dependent, or spouse/domestic partner), except as authorized by FERPA and MGPDA or other applicable law. A student may grant consent by completing the Release of Information eForm available on the Student Records web page.

Public Safety Officers are on-duty at all times when the building is open.
EMERGENCY PROCEDURES

Evacuation
If the building must be evacuated under emergency conditions, the major concern is for your safety and that of all other persons in the College. This requires that movement within or out of the building be orderly and rapid.

An Emergency Procedures manual is posted within each classroom. Your instructor will use the information in this manual to inform you of the evacuation route.

During an emergency evacuation, you should adhere to the following guidelines:

1. All students, visitors, faculty, and other employees will leave the building by established routes or go to pre-assigned emergency stations immediately after the alarm is sounded.
2. Walk at all times. Do not run.
3. If you are the first person to arrive at an Exit Door, latch the door open or hold it open.
4. If you are the last person to leave a room, close but do not lock the door.
5. After leaving the building, stay at least 150 feet away.

Evacuation Procedure for Non-Ambulatory Persons
When the fire alarm is activated, you should either “shelter in place” (if already in a stairwell) or move to a safe place and wait for assistance from an Emergency Response Mobilization Team (ERMT) member, the Saint Paul Fire Department, or other trained emergency personnel. Safe areas have been identified as stairwells A, D, and E and each stairwell is equipped with an Evacuation Chair for trained emergency responders to use in the event of a building evacuation.

1. Emergency personnel are trained to go to stairwells to assist people with disabilities. If you are alone, you should contact Public Safety at 651.846.1322 (dial 1322 if using a campus phone) or call 911.
2. Give the present location or safe area to which you are going. Elevators can be used unless otherwise indicated by emergency personnel, but may never be used in the event of fire or structural damage.

In all other evacuation situations, you should proceed to the nearest elevator and then exit the building and proceed to a safe location away from the threat.

If elevators are unavailable or disabled, you should proceed to the nearest identified safe area and wait for assistance. These areas are designated as stairwells A, D, and E and are equipped with Evacuation Chairs.
Shelter in Place
You may be advised to “shelter in place” rather than evacuate the building during emergency situations such as large hazardous material releases or severe weather emergencies. Advice to shelter in place will be conveyed through the College Emergency Notification System (CENS).

General Shelter in Place Procedures:
1. Stay inside the building or go indoors as quickly as possible if you are working outside.
2. Close windows to provide tighter seal against chemicals vapors, smoke and/or fumes.
3. Locate supplies you may need such as food, water, radio, or flashlights if you have them.
4. In case of a tornado, go to a central room, stairwell or corridor where there are no windows and few doors.
5. In the event of a hazardous material release, turn off fans, air conditioning or ventilation systems, if you have control of these systems. The College ventilation systems are centrally controlled and will be shut down during such events.

Stay tuned and monitor official College Emergency Notification System information for further instructions or the “All Clear” message.

Emergency Lockdown
If there is a life safety threat outside the campus in the surrounding neighborhood, a lockdown may be initiated at the College. A lockdown requires locking doors, windows, and barricading oneself to block entry to a campus facility, a classroom, or an office space.

General Lockdown Procedures:
1. Lock or barricade classroom doors.
2. Close windows and window treatments.
3. Turn off the lights.
4. Instruct everyone to remain silent and not to go into hallways.
5. Crouch down in areas out of sight from doors and windows to conceal yourself as much as possible.
6. If the fire alarm sounds unexpectedly, do not evacuate the building unless:
   • You have firsthand knowledge that there is a fire in the building
   • You are in imminent danger
   • You have been advised by the College Public Safety Department or emergency personnel to evacuate the building
7. If you are in hallways during the emergency, seek shelter immediately in the nearest classroom or office suite or evacuate out the nearest exit if possible.

8. If you are in outdoor areas, you should immediately take cover or leave the campus if possible.

9. Stay tuned and monitor official College Emergency Notification System information for further instructions or the “All Clear” message.

Fire Alarms
When you hear an alarm, it is NOT a drill. Follow all evacuation procedures as if a true emergency exists. Remain outside the building until the “All Clear” message is given.

If you smell smoke, see flames, or otherwise suspect that there is a fire in the building, take the following actions:

1. Pull the building fire alarm if nearby. The Department of Public Safety has the primary responsibility of responding to fire alarm incidents requiring building evacuations.

2. If a phone is available, call Public Safety at 651.846.1322 and give your name, location and reason you are calling.

3. Evacuate the building in a calm and orderly fashion, closing the door to your office or classroom as you exit.

4. Once outside, walk quickly to a designated assembly area. Keep streets, fire lanes, hydrants and walkways clear for emergency vehicles and personnel.

5. No entry into the building will be permitted until the Saint Paul Fire Department declares the area safe.

6. If there is fire near you:
   - Stay low to the floor and crawl out of the building as quickly as possible.
   - Cover your nose and mouth with a wet cloth.
   - If you come to a door that is closed, use the palm of your hand and your forearm to feel the door. Touch the lower, middle, and upper parts of the door. If a door is hot when you touch it, do not open it. Look for another way to get out.
   - Smoke and gas rise to the ceiling first, Stay below the smoke at all times.
**Tornado Emergencies**
If the weather bureau issues a tornado warning for an area that includes the College, the following procedure will be followed:

1. When the tornado alarm is sounded, the PA system and College Emergency Notification System (CENS) will be used to initiate building shelter in place procedures. Shut off all shop equipment and proceed to any of the designated shelter areas. Designated shelter areas are:
   - Classrooms or offices without windows on first, second, third, and fourth floors
   - Ground floor classrooms and labs, move to smaller interior rooms
   - College Learning Center (317 Marshall Avenue) building, move to the basement.
2. All students should remain in the designated shelter areas until the “All Clear” signal is given.

**Active Shooter/Violent Intruder**
When armed violent individual(s) are observed in the building, the College utilizes the “Run. Hide. Fight.” response. The video training for this response can be found at www.youtube.com/watch?v=5VcSwejU2D0. The video conveys simulated violence during an active shooter situation and contains graphic content. Based on this training, students, employees and visitors should consider the following recommendations during an active shooter event to reduce the potential for death or serious injury.

**RUN:**
If you can get out safely, do so.

- Have an escape route and plan in mind
- Leave your belongings behind
- Keep your hands visible for emergency responders
- Individuals in an open common space, hallway or unable to lockdown in a room or secure area should evacuate quickly and calmly
- Proceed with caution and move as far from the active shooter’s location as possible.
- Once in a safe location call 911 and provide any information you can to emergency personnel that will be responding.
HIDE:
If you can’t evacuate safely, secure yourself in an office or classroom. Barricade the door and seek shelter inside the area behind or under equipment or furniture in the room.

- Faculty and staff should immediately lock students and themselves in the nearest safe area
- If possible, cover any windows or openings that have a direct line of sight into the hallway
- Call 911
- Do NOT activate the fire alarm system
- Lock all windows and close any curtains or blinds
- Stay away from windows and doors
- Turn off all lights and audio equipment
- Remain calm and quiet and keep everyone together
- Remain in the classroom or office until emergency personnel notify you that it is safe

FIGHT:
As a last resort and only if you can’t evacuate or seek shelter and your life is in imminent danger.

- Defend yourself in any way possible
- Attempt to incapacitate the shooter
- Act with physical aggression and throw items at the active shooter
- Utilize any items in your possession or close to you (books, scissors, pencils, chairs, etc.)

If you observe an armed individual or individuals enter a campus building and you are in a position to observe the subject without endangering or compromising your safety, the observations you make may be crucial to responding emergency personnel; however, there is no expectation that anyone put themselves at risk in order to observe an armed subject.
School Closing
In cases when the President or other designated administrator determines to close the campus, the following methods of notification will be followed:

1. To close before start of the college opening: An announcement regarding the closing will be made using three methods:
   a. The College will post a message on Twin City radio and television station WCCO between 6:30am and 8:00am. WCCO radio, 830am, and WCCO television, Channel 4, are the official stations for this message.
   b. The College will send emails and phone messages to all current students and employees using the Blackboard Connect system.
   c. The college will send a text message to students who have opted in to text message notifications.
   d. The College will also place a notification on the College website.

2. To close after the school day has started: The President or the President’s designee will inform employees of the emergency and the time of closing. The College will dismiss classes only after authorization is received from the President or other designated administrator. An announcement regarding the closing will be made using five methods:
   a. The College will post a message on Twin City radio and television station WCCO between 6:30am and 8:00am. WCCO radio, 830am, and WCCO television, Channel 4, are the official stations for this message.
   b. The College will send emails and phone messages to all current students and employees using the Blackboard Connect system.
   c. The College will also place a notification on the College website.
   d. Announcement via the Public Address (PA) system in the building.
   e. The Seeker paging system for Deaf/Hard of Hearing employees.

3. If the College officially closes, all College programs, including day, evening, and other activities will be canceled.

Safety
Safety is a priority at Saint Paul College. Every attempt is made to comply with Occupational Safety & Health Administration (OSHA) Safety standards. Safety instruction is included in the curriculum of specific programs; routine safety inspections are made throughout the building.

You are required to comply with all safety regulations. These are stipulated by the State Industrial Commission, the Saint Paul Bureau of Health, and industry standards.

If you do not comply with safety requirements, you may be removed from the classroom, program area, or College.
As a student at the College, you are expected to:

- Follow safety rules when on campus.
- Wear safety glasses and all required personal protective equipment in designated class areas.
- Report accidents and injuries to your instructor and Public Safety.
- If you have an accident or are injured, you must report it immediately to your course instructor and/Public Safety.

Saint Paul College encourages all students and College community members to be fully aware of the safety issues on campus. The College encourages all students and staff to take action to prevent and to report illegal and inappropriate activities.

Personal awareness and applying personal safety practices are the foundation of a safe community.

**Crime Reporting Policies**

The Department of Public Safety, 651.846.1322, located in room 1355, is the office to which all criminal reports should be made. Everyone on campus is encouraged to report immediately all potential criminal activity to the Department of Public Safety and/or the Saint Paul Police Department, 651.291.1111. Individuals reporting to the College, who also wish to file a complaint with the Saint Paul Police Department, will be provided with assistance from Saint Paul College upon request.

Saint Paul College normally requires a written complaint from someone to begin the investigation process. The College usually needs the assistance of the complainant in any disciplinary process against the accused. The College will make exceptions when necessary, including cases presenting clear danger to the victim and/or the College community.

The College will issue an annual report of criminal reports made to Public Safety and other law enforcement agencies for crimes occurring on College property or adjunct facilities. The annual report includes reported crimes alleged to have occurred on the campus and facilities owned or rented by Saint Paul College and/or recognized student organizations. It includes the following reports of crime:

- Murder
- Sex offenses
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Murders evidencing hate crime
- Forcible rape evidencing hate crime
- Aggravated assault evidencing hate crime
This report also includes arrests and disciplinary referrals for the following:

- Liquor law violations
- Drug abuse violations
- Weapons possession

Public safety also tracks incidents related to the recently reauthorized Violence Against Women Act (VAWA) for the following:

- Dating violence
- Relationship violence
- Stalking

The College must report, by category of prejudice, the following crimes reported to local police agencies or to a campus security authority that manifest evidence that the victim was intentionally selected because of the victim’s actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity, national origin or disability:

i. Any crime of criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson.

ii. The crimes of larceny-theft, simple assault, intimidation, dating violence, domestic violence, stalking and destruction/damage/vandalism of property.

**Reporting Procedures**

The Public Safety Officer serves as the primary liaison for the College with all law enforcement agencies. When reports are made to the Public Safety Officer, or other Public Safety personnel, they will decide if a threat continues to exist to the campus community. If a threat continues to exist, a timely warning will be sent out informing the campus community.

All criminal activity occurring on campus should be reported immediately to the Department of Public Safety, at 651.846.1322 and/or the Saint Paul Police Department, 651.291.1111. Public Safety will assist the complainant in completing criminal reports. These reports will also be forwarded to the Saint Paul Police Department. In appropriate cases, Public Safety will assist the Saint Paul Police Department with investigations.

Every effort should be made to ensure that physical evidence is maintained and protected. Immediate reports will assist in preserving evidence.

**If You Are a Victim of a Crime or Witness a Crime**

1. Call the Department of Public Safety at 651.846.1322 and/or the Saint Paul Police Department at 651.291.1111 for any emergency including medical assistance, fires, suspicious people or activities, crime reports, traffic accidents, or other illegal activities.
2. Submit a description of the offender(s), including sex, age, race, hair, clothing, and other distinguishable features. Attempt to provide a description and license number of any vehicle involved. Note the direction taken by offender(s) or vehicle(s) and report those to the Department of Public Safety or the Saint Paul Police Department.

3. Preserve the crime scene: Do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until Public Safety and/or the Saint Paul Police Department arrive.

4. Public Safety will accept third-party reports in cases of sexual assault in order to protect the victim’s identity.

5. Persons filing a complaint with Public Safety will be provided a copy of the College Incident Report, upon request to the Director of Public Safety.

All employees, faculty or staff who become aware of an alleged violation of College policy, student code of conduct, civil or criminal law should report the allegation to their supervisor and the Department of Public Safety. The following people with significant responsibility for student and campus activities (not including counselors) have been identified as Campus Security Authorities (CSA) and must report potential criminal activity of which they are aware to Public Safety: President, Vice Presidents, Deans, Business Manager, Department Chairs, Financial Aid Supervisor, Human Resources Director, Affirmative Action Officer, Director of Student Life, Registrar, Public Safety Department staff members, Advisors to student associations and organizations, Student Conduct Officers(s), Title IX Coordinator(s), as well as any supervisors, and assistants for the College.

These individuals should not attempt to investigate, but should instead report and allow Public Safety to investigate

All persons in the College community are encouraged to assist anyone in reporting alleged criminal activity by contacting Public Safety and/or the Saint Paul Police Department, as well as providing assistance in making the report.

Student Organizations with control of any facility are encouraged to report safety and security concerns to Public Safety. Counselors are required to provide statistical information relating to crimes on campus but may continue to honor the confidentiality of victims.

College Response to Reports

All allegations will be investigated. These investigations may be made in conjunction with the Saint Paul Police Department, Ramsey County Sheriff’s Department or other state or federal agency with jurisdictional authority.

Reports will be classified by the Director of Public Safety in conjunction with the appropriate police agency according to the FBI Uniform Crime Reporting Definitions. When alleged perpetrators are identified as students, the case will be forwarded to the Director of Student Rights and Responsibilities. Criminal investigation, arrest and prosecution can occur independently, before, during or after the campus judicial process.
Timely Warnings
The College will issue a timely warning to members of the campus community in cases of reported murder, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and any hate crimes (manifesting evidence of prejudice based on race, religion, sexual orientation or ethnicity) of murder, forcible rape or aggravated assault, in cases where the Public Safety Officer (or designee) determines there is a continuing threat. In such cases, warnings will be published through campus bulletins.

These postings describe crimes or security concerns and solicit information from the college community regarding the reported incidents. They also share important crime prevention tips, ways to report crime, and phone numbers to use to share information.

THERE ARE THREE DIFFERENT TYPES OF POSTINGS:

Public Safety Bulletins
Public Safety bulletins are printed on blue paper and outline topics of concern that serve to educate students, faculty, and staff on the environment in which they live and work. These postings emphasize crime awareness and prevention and are posted around campus to warn students, employees, and guests of situations in which the college community may be vulnerable. Examples of incidents calling for Public Safety bulletins are thefts, fraudulent activity, or dangerous conditions.

Public Safety Advisories
Public Safety advisories are printed on yellow paper and describe crimes on or off campus that are important to the college community. While not as critical as the incidents described in Public Safety alerts, advisories pose significant concern for the safety and well-being of students, faculty, staff, and guests.

Public Safety Alerts
Public Safety alerts are printed on red paper and describe situations or incidents of the greatest magnitude. Alerts can include incidents such as robberies, burglaries, multiple thefts on campus, or aggravated assaults.

Students, faculty, staff and visitors should watch for Public Safety bulletins, advisories and alerts posted in campus buildings and distributed via emails throughout the year. The safety of the College community depends on each person staying informed.

Daily Crime Log
A listing of criminal and non-criminal incidents reported to the Department of Public Safety is maintained in the Department of Public Safety office (room 1355) and online at saintpaul.edu/publicsafety under “Public Crime Log.”

Public Safety staff are authorized, when appropriate, to make a citizen’s arrest. Typically, such arrests are made only in the presence of a Saint Paul Police Department Officer.

Public Safety works closely with the Saint Paul Police Department to track and respond to campus criminal activity.
Report as much detail as possible to ensure accurate reporting. If you are a victim of a crime, your immediate recall of the event is often the best. Write down as much information as you can remember after a crime. If you cannot identify the perpetrator by name, try to recall as many details as possible, including:

- Gender
- Approximate age
- Height
- Weight/build
- Dress/clothing
- Description of face including eye color, hair color & style, jaw, nose
- Facial hair
- Glasses
- Distinguishing gait
- Voice
- Distinguishing marks, including scars

**Educating the Campus**

Saint Paul College encourages students and employees to be responsible for your own security and that of others. The Department of Public Safety provides assistance in presenting programs on security and safety and sexual violence prevention and awareness.

Public Safety has available at no cost brochures, flyers, pamphlets, movies, videos and posters concerning various safety and security issues.

Public Safety also has available at no cost brochures, flyers, pamphlets, movies, videos and posters regarding the prevention of crime.
Annual Security Report
In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Saint Paul College monitors criminal activity and publishes an annual report, maintaining a three-year statistical history on the Saint Paul College campus and at off-campus facilities used by the College or by recognized College organizations. You can view the report from the College website at: saintpaul.edu/aboutus/publicsafety under “Security Report Documents”.

The Campus Security and Crime Report is published annually and contains, at a minimum, the following information:

1. The crime statistics for the categories outlined under the Crime Reporting Policies section.
2. A statement of current campus policies regarding procedures for students and others to report criminal actions or other emergencies occurring on campus.

All faculty, staff, students and visitors of Saint Paul College are encouraged to report criminal or suspicious activity and other emergencies to the Department of Public Safety. Criminal or suspicious activity committed on and near Saint Paul College property that is reported to the Department of Public Safety will be investigated by Public Safety staff. Information regarding these crimes and suspicious activity, including investigatory follow-up, is also shared with the local police department. Other emergencies reported to the Department of Public Safety will be investigated by Public Safety staff and/or referred to the proper department or agency for follow-up.

To report criminal activity, an emergency, or to request Public Safety assistance, contact the following Public Safety office at 651.846.1322 or the St. Paul Police Department at 651.291.1111.

Emergency call boxes and general-use wall phones are also available to report crimes. They are located in the campus parking lots and inside the academic facility. Emergency call box phones located outdoors and marked with a blue light above them provide a direct link to the Department of Public Safety. Officers will respond immediately to the activation of these emergency boxes.

Monitoring & Recording Activity at Off-Campus Locations
All Saint Paul College recognized organizations that are off campus will still be monitored by the Saint Paul Police Department. Just because a facility or organization is located off campus, does not mean that activity at that location is not monitored. Such activity is monitored by the Saint Paul Police Department, which shares information with the College.

Saint Paul College includes the off campus student organizations’ crime statistics in its annual report as part of the crime at the College.
Parking Information
Saint Paul College has a parking access system that allows students, faculty, staff and visitors to enter the parking lot at any entrance by using a programmed parking access card that is also their photo ID (known as the “SPC Card”). The SPC Card can be obtained from the Photo ID office on campus. Visitors to campus may obtain a short-term parking access ticket at the Kellogg Blvd or Marshall Avenue entrances. This ticket can be paid for when exiting the parking lot via credit card at Marshall Avenue or Concordia Avenue right exit or with cash at the pay station on the 3rd level of the parking ramp. All students will need to obtain the SPC Card upon enrollment and registration in classes.

There is no initial fee to obtain an SPC card, but there is a cost to replace a lost or stolen SPC card. The replacement fee is paid at the Tuition Office or parking window on the first floor. A copy of your receipt is required to issue the replacement SPC Card at the Photo ID office.

The parking lot is not a public parking facility. There is no daily public parking available to the general public unless it involves business on the campus.

Restricted Street Parking
Restricted street parking around the College is enforced by the City of Saint Paul. A resident permit is required to park on certain streets and other streets have 2-hour parking limits. Violators parking in restricted areas will be ticketed and fined by the City of Saint Paul. View map of street parking restrictions.

Visitor Parking
Daily parking is available to visitors of the College at the following rates:

- Under 20 minutes ................................................................. FREE
- 20–59 minutes ................................................................. $1.00
- 60–179 minutes ................................................................. $3.00
- 180 minutes and over ........................................................ $5.00

Student & Staff Parking
It is mandatory for all motor vehicles parked on the Saint Paul College campus to use the controlled parking access system. Visitors can park in any non-restricted designated parking space on campus. Vehicles parked in handicapped parking spaces require a valid State-Issued Handicapped Permit. All violators will be ticketed.
PARKING POLICY

Regulations
All persons operating a vehicle on campus are responsible for being familiar with, and complying with, all traffic and parking regulations. A complete list of parking violations and parking policy may be obtained from the parking coordinator at the Parking Window (4th Tuition Office Window) on the first floor. Saint Paul College assumes no liability for care of, damage to, and/or protection of any vehicle or its contents at any time while it is operated on or parked on the campus property. Possession of an SPC card neither reserves nor guarantees a parking space.
