

Medical Laboratory Technician Credit by Exam/Test-Out Request

Saint Paul College offers Credit by Exam/Test-Out of MDLT1600 - Medical Laboratory Math

QUALIFICATIONS:

Must be an admitted Saint Paul College student and meet one or more of the following criteria:

A minimum of 2 months of employment in a laboratory setting within the past 12 months.

Successful completion of one of the following baccalaureate degrees:

- » Chemistry
- » Biology
- » Math
- » Healthcare

Successful completion (C grade or higher) of 3 or more upper division courses within any of the following degree areas:

- » Chemistry
- » Biology
- » Math
- » Healthcare

Credit by Exam/Test-Out may NOT be utilized if a student has already taken MDLT1600 and did not successfully earn a C or better.

WHAT TO EXPECT DURING THE CREDIT BY EXAM/TEST-OUT

The test will be in person in a written format. Students will be required to use the basic non-graphing calculator provided. The content in the exam will cover mathematical concepts and techniques routinely used in Medical Laboratory Science careers. This will include rounding and scientific notation, calculating with fractions, and basic algebra. It will also include more advanced calculations related to solution and dilution preparation, metric unit conversions, basic statistical analysis of data as well as graph construction, comprehension, and interpretation.

Cost: The cost is 1/2 tuition charge of the MDLT1600 course. Payment is due in full before you take the Credit by Exam/Test-Out. Test-Outs are not Financial Aid eligible

Credit: This Credit by Exam/Test-Out is pass/fail
Pass = 1 Credit Fail = 0 Credits
No refund will be made

To schedule a Credit by Exam/Test-Out: Credit by Exam/Test-Out will be offered 3 times per semester (with the exception of summer term)

- » Fall: October, November, December
- » Spring: February, March, April
- » Summer: August
